## **Departmental Quarterly Monitoring Report**

**Directorate:** Environment & Economy

**Department:** Environmental & Regulatory Services

Period: Quarter 1 - 1<sup>st</sup> April – 30<sup>th</sup> June 2010

### 1.0 Introduction

This quarterly monitoring report covers the Environmental & Regulatory Department first quarter period up to 30<sup>th</sup> June 2010. It describes key developments and progress against 'key' milestones and performance indicators for the service.

The way in which the traffic lights symbols and direction of travel indicators have been used to reflect progress to date is explained within Appendix 8.

## 2.0 Key Developments

### Open Spaces Division

In the first quarter of 2010/11 a number of key 'Playbuilder' funded Children's playgrounds were formally unveiled. New playgrounds included Town Park, Roehampton Drive and Spike Island. The Playbuilder programme has now been cancelled by Government, which will limit any further developments.

The Open Space Service has started to work towards the creation of a new cemetery for Widnes. The timescale is to have a new cemetery built and ready for burials by April 2012.

## Waste & Environmental Improvement Division

The Multi-Material kerbside recycling service was extended to a further 9,000 properties in June, with;

- 5,000 households receiving blue wheeled bins,
- 3,000 households receiving blue boxes, and
- 1,000 multi-occupancy dwellings providing with large communal recycling bins.

An assessment of the provision of multi-material recycling services to all primary schools was completed in this quarter. As a result services will commence to 34 schools in September that currently are not receiving recycling collections.

During quarter 1, arrangements were being put into place for the extension of the RecycleBank 'rewards for recycling' scheme to a further 37,000 households. Residents at those properties will be able to earn reward points for recycling in their blue bins from August. The Council received national TV coverage in June for implementing the innovative scheme and remains only the second authority in the country to have done so.

The Council's efforts to tackle littering and other environmental nuisance are ongoing and in June 12 individuals were issued with Fixed Penalty Notices for littering offences.

On 30<sup>th</sup> June, officer from the Council took part in a very successful 'Operation Rogue Trader' enforcement day. The joint operation was carried out with a number of partner agencies, including The Police, Trading Standards and Courts Officers. The combined efforts of all agencies resulted in a total of 210 stop checks, with the outcomes including;

- 2 Courts warrants executed (£500)
- 8 Arrests
- 7 Detected Road Traffic Offences
- 10 Registered Waste Carrier Applications issued
- 12 Rogue Trader guidance notices issued

During the quarter all primary schools were contacted and encouraged to take up the offer of free provision of "display energy meters" as a way of monitoring electricity use. Back up advice and support was provided by Waste and Environmental Improvement Division.

### Regulatory Services

Development Control Management Summary Stats for Q1:

Applications Received - 140

Applications Decided – 125

Applications on hand (undecided) - 157

Pre-Applications – Received – 72

Pre-Applications - Closed - 46

Pre-Applications – On-Hand - 82

N.B. There are certain applications (such as tree preservation orders) that are not counted in the statutory CLG speed of processing statistics (NI157). This accounts for the difference between the figures reported above and the figures given for N157.

Summary of major applications received (but not necessarily decided) over the last quarter:

10/00254/FUL - Proposed redevelopment of site for the erection of an A1 foodstore (1710sq.m. GEA), 2 No. A1 non-food retail units (1784 sq.m. GEA) and an A4 family pub/restaurant (697 sq.m. GEA) with associated parking, reconfigured vehicular and pedestrian access and landscaping provision at Vestric House West Lane Runcorn Cheshire.

10/00279/FUL - Proposed development of 18 No. courtyard houses, detached garages, private access road and private open space at Former Dawsons Dance Centre Lunts Heath Road Widnes Cheshire.

10/00280/FUL - Proposed two storey office block and car park extension at Rushserve Ltd Waterloo Road Widnes Cheshire.

Changes in the Health & Safety risk rating set by the Health & Safety Executive (HSE) were introduced in April 2010. This rating system focuses less on the inherent risks associated with businesses but more on the history of compliance. It is estimated that this has the potential to raise the ratings of businesses in the Borough, which will then require more frequent inspection as a result.

### 3.0 Emerging Issues

### Waste & Environmental Improvement Division

The Government has announced a major review of waste policy, which will begin early 2011.

### The review will include:

- the effect of waste policies on local communities and individual households, and how local authorities can best work with people to make the best decisions;
- maximising the contribution of the waste and recycling industries to the UK economically and environmentally;
- how we work towards a "zero waste economy", and drastically reduce the amount of waste created and valuable resources sent to landfill,; and
- new approaches to dealing with commercial waste and promoting 'responsibility deals', reducing the amount of waste generated by production and retail.

The UK has to bring in domestic legislation giving effect to the revised EU Waste Framework Directive (WFD) by 12 December 2010. Defra and the Welsh Assembly Government (WAG) are consulting on draft Regulations to bring the revised WFD into effect in England and Wales. The consultation will run from 8 July to 16 September 2010.

The main new features of the revised WFD are that it requires Member States:

- To apply the "waste hierarchy" as a priority order in waste prevention and management legislation and policy:
- To set up "separate collections" of waste for at least paper, metal, plastic, and glass by 2015 where technically, environmentally and economically practicable. (applies to both household and business waste);
- To recycle 50% of waste from households by 2020;
- To recover 70% of construction and demolition waste by 2020.

### 4.0 Service Objectives / milestones

### 4.1 Progress against 'key' objectives / milestones

All key objective/ milestones for this service are progressing as planned and additional details are provided in Appendix 1.

## 4.2 Progress against 'other' objectives / milestones

There are presently no objectives/ milestones of this type identified for this service.

### 5.0 Performance indicators

## 5.1 Progress Against 'key' performance indicators

There are presently no indicators of this type identified for this service

## 5.2 Progress Against 'other' performance indicators

Total 2 0 ? 0

The are 2 other indicators for the service. Due to the absence of national data no information can be provided at this time.

### 6.0 Risk Control Measures

During the development of the 2010 -11 Service activity, the service was required to undertake a risk assessment of all Key Service Objectives. No 'high' risk, treatment measures were identified.

## 7.0 Progress against high priority equality actions

As a result of undertaking a departmental Equality Impact Assessment no high priority actions were identified for the service for the period 2010 – 2011.

### 8.0 Data quality statement

The author provides assurance that the information contained within this report is accurate and valid and that every effort has been made to avoid the omission of data. Where data has been estimated, has been sourced directly from partner or other agencies, or where there are any concerns regarding the limitations of its use this has been clearly annotated.

### **Comments on the above figures:**

In overall terms revenue spending at the end of quarter 1 is ahead of the budget profile.

Staffing is above budget to date as anticipated savings from the efficiency review have not yet been met. This situation will be closely monitored through out the year.

With regard to landscape maintenance and recycling there have been delays in the start dates of some projects.

With regard to supplies & services, although expenditure appears to be below budget to date this is not the case when commitments are taken into account

With regard to income, Building Control fees are less than budget to date as a result increased competition from the private sector and the current economic climate. Planning fee income is also below budget to date. This is a result of a slow down in the development industry. Income from Open Spaces external works is also lower than anticipated. As a result these income budgets will be closely monitored throughout the year.

At this stage it is anticipated that the overall spend will be in line with the Departmental budget by the end of the financial year.

### **Comments on the above figures:**

Regular monitoring reports are sent to the local Strategic Partnership (LSP) in respect of all LSP projects and any areas of concern are dealt with throughout the year by the LSP support team and individual project managers. Some variances against the budget to date are expected, as the LSP have deliberately over-programmed in order to ensure that the full allocation of Neighbourhood Renewal Fund grant is spent during the year.
