DEV40 - 14/00665/FUL - PROPOSED DEMOLITION OF EXISTING BUILDINGS AND DEVELOPMENT COMPRISING 18 NO. DWELLINGS, ASSOCIATED ACCESS AND OPEN SPACE AT MANOR FARM, MANOR FARM ROAD, RUNCORN, WA7 1TE

The Committee was advised that this item was deferred to resolve outstanding issues.

DEV41 - 15/00034/P3JPA - PROPOSED CHANGE OF USE FROM FORMER OFFICE BUILDING (USE CLASS B1) TO 448 NO SELF CONTAINED APARTMENTS COMPRISING 54 1 BEDROOM FLATS AND 394 STUDIO FLATS AT EAST LANE HOUSE, EAST LANE, RUNCORN, CHESHIRE

The application was in respect of Part 3 of Class J of the Permitted Development Order (as amended). The issue was whether prior approval of the Authority is required for

the following relevant matters:

- Contamination risks on the site;
- Flooding of the site; and
- Transport and highways impacts of the development.

Officers explained their recommendation to the Committee that prior approval for these was not required. Officers identified transport and highways impact as the relevant matter to be considered.

The Committee was addressed by Councillor K Loftus who objected to the proposal on the grounds that parking for 60 cars was grossly insufficient for a development of this size and the surrounding businesses and the nearby Palacefields Estate would suffer due to the shortage of parking. She also stated that there would be a very significant traffic impact on the surrounding highways. Concerns were also raised over the potential for asbestos contamination and the lack of transport links.

Councillor A Lowe then addressed the Committee also objecting to the prior approval application. He raised concerns over the potential for illegal parking in the area as a result of the low number of parking spaces for residents. He also stated that there would be an impact on the parking provision at the nearby hospital and health centre, as well as the surrounding businesses and surrounding highways. Concerns were also raised over the potential for asbestos contamination.

Members discussed the application and the traffic impact that this development would have on the surrounding highways, Halton Village and Palacefields residential areas and Trident Park, as well as the Hospital, Post Office Sorting Office and TA site. They also considered that the low number of proposed parking spaces to be totally inadequate.

One Member moved to refuse the application which was seconded. After further debate an amendment to this was proposed, which was to request further information on the impact of the development on the highways and on the risks of asbestos contamination. The amendment was carried. The Committee were asked what their views were should the reports not be produced within 56 days of the application. It was resolved that a special meeting of the Committee be convened so that any additional information received could be considered before the 56 days elapsed.

RESOLVED: That

- 1) a further reports be requested on the matters highlighted in the debate and the matter be deferred accordingly; and
- 2) a special meeting of the Committee be convened prior to the expiration of the 56 day deadline.
