REPORT TO: Executive Board

DATE: 2 July 2015

REPORTING OFFICER: Operational Director – Finance

SUBJECT: 2014/15 Financial Outturn

PORTFOLIO: Resources

WARD(S): Borough-wide

1.0 PURPOSE OF REPORT

1.1 To report the final revenue and capital spending position for 2014/15.

2.0 RECOMMENDED: That

- 1) the report be noted; and
- 2) the information within the report is taken into account when reviewing the medium term forecast and saving proposals for future years.

3.0 SUPPORTING INFORMATION

Revenue Spending

- 3.1 The final accounts for 2014/15 are nearing completion and the revenue spending position for each Department, subject to external audit, is shown in Appendix 1.
- 3.2 Overall the final outturn position shows an underspend of £0.2m against a budget of £108.2m. There have been a number of pressure areas against the Council budget throughout the year, the most considerable of these being within the Children in Care Division where demand on the Service has increased since last year.
- 3.3 Budget savings for 2015/16 were implemented over two tranches, the first of which consisted of savings of £11.5m which were approved by Council in December 2014. As a result of some of these savings being implemented early, it has provided part-year budget savings in 2014/15.
- 3.4 Staffing expenditure is below budget across the majority of Council Departments, as posts have been held vacant in order to restrict spending. Some of these posts have now had to be filled whilst some have been used to provide budget savings for 2015/16. Vacant posts

have also contributed to meeting the staff turnover saving target for 2014/15 and will continue to do so for the next year.

- 3.5 Expenditure on supplies and services is £0.5m below budget for all directorates as spend has been limited to only essential items required to provide services. Whilst this is an achievement, supplies and services budgets will come under more pressure in 2015/16 as one of the saving proposals approved in balancing the budget was to cut supplies and services budgets by 8%.
- 3.6 A number of underspends against the 2014/15 budget have been approved as one-off budget savings for 2015/16. These have been carried forward into 2015/16 when closing the accounts at year-end.
- 3.7 Within the overall net underspend the key budget variances are as follows;
 - (i) Children and Families Department (£4,376,000 overspend):-As highlighted throughout the year, a significant overspend against budget was expected for the Department although the actual outturn figure is greater than was forecast at quarter 3. There are a number of areas within the Department which are experiencing spend pressures.

Employee expenditure has exceeded the annual budget by £611,000 (7%). There is significant additional spend on agency staff especially within the Child Protection & Children in Need Division. There has been a high level of staff turnover which has led to the high level usage of agency workers.

Expenditure relating to out of borough residential placements was £1,756,000 (67%) higher than budget. Practice and appropriate thresholds for care has changed over recent times which have resulted in more children coming into care. The attitude of the Council to child neglect and child sexual exploitation has altered over the past two years with a lower acceptance of risk but this has come at a cost. This will continue to be a volatile budget over coming years and whilst costs will be projected and monitored, unforeseen demand will always have an impact.

Spend on out of borough fostering for the year is £424,000 (84%) above budget. Whilst every effort is made to use in-house foster carers, due to the needs of the child this is not always possible. An action plan for the Department going forward will have a particular emphasis on having a greater number of in house foster carers.

Special Guardianship Orders are having a huge impact on spend and it is considered that this will continue to be the case for many years. Spend on Special Guardianship Orders and Adoption was £1,478,000 (105%) above budget for the year. The cost of Care Leavers was also £125,000 (40%) above budget at year-end due to increased numbers of children leaving care who require support packages to help them achieve semi-independence.

The number of users accessing the Direct Payment Service has increased over the past year which is having an adverse impact on the budget. Expenditure for the year was £349,000 (135%) above budget.

Since 2011/12 saving measures have been approved to budgets for out of borough residential placements and foster care, this was at a time when demand for the services was much less than is currently being experienced. Given the upturn in service demand and despite £1,000,000 of the Council's contingency budget being allocated to the Department, the pressures outlined above have resulted in the unprecedented overspend against budget. An action plan is being implemented which will evaluate and analyse the expenditure incurred by the Department and the budget for 2015/16 will be closely monitored with a forecast of the annual outturn produced monthly in order for action be taken as and when necessary.

(ii) Children's Organisation & Provision Department (£1,222,000 underspend):- Due to a number of vacancies across the Department, staff reducing contracted hours and significant levels of maternity leave, employee costs for the Department are £231,000 lower than budgeted. Spend on supplies and services has been less than forecast for the year, this is due to a number of reasons including better procurement, limiting spend on supplies to what is essential and making use of grant funding where available rather than utilising the core budget.

Expenditure on school transport costs is £59,000 over budget due to increased demand for out of borough contracts. Charges from suppliers are also increasing due to many of them operating at full capacity with reduced competition.

As part of the implementation of the Children and Families Department Action Plan referred to above, consideration will also be given to where budget underspends within this Department can be made permanent and budgets realigned, in order to help meet the future pressures within Children and Families.

(iii) Community & Environment Department (£126,000 overspend):- Whilst the Department's spend exceeds budget for 2014/15, the actual overspend is less than 2013/14 (£282,000). Less use of agency staff has helped with employee costs and

against a staffing budget of approximately £12,500,000 there was only a minor overspend of £20,000.

Waste disposal contract costs have increased over the year, with actual spend being 7% higher than what was forecast as part of the budget. These increased inflation costs have been taken into account when setting the 2015/16 budget.

The cost of the leisure management contract was £70,000 higher than the budget for the year, as budget savings from reductions in the contract cost could not be agreed with the contractor.

As in previous years income targets for fees and charges have not been achieved due to the current difficult trading environment. Catering fees are one of the areas where income generated fell short of the budget, other areas include stadium bar income, open spaces non-contract income and trade and bulky waste charges. The shortfall on these income targets has been partly offset by an increase on school meals income, with the service benefitting from the available grant for universal free school meals.

(iv) Prevention and Assessment Department (£87,000 underspend):- Employee spend is £108,000 less than forecast for the year, as a result of vacant posts particularly in the Care Management Division. Income targets for the year were above forecast but these two areas have been offset by increased spending on aids and adaptations due to greater support to service users utilising their own homes rather than moving into residential care

Net Council expenditure on the Complex Care Pool budget was only £7,000 less than budgeted, a remarkable achievement against a total Council contribution of close to £18m and with a total Pool gross expenditure budget of £42m.

(v) Finance Department (£436,000 underspend):- A number of posts have been held vacant during the year which have contributed towards the Department's underspend. A number of these posts have been written out of the 2015/16 budget as they were put forward as savings.

Concessionary travel costs have come in under £140,000 less than the budget for 2014/15. This is as a result of successful negotiations with bus operators. This has been approved as a permanent budget saving for 2015/16.

(vi) Legal & Democratic Services Department (£260,000 underspend):- Over 50% of the Department's underspend is as a result of employee costs coming in under the approved budget. This was due to a number of vacancies, some of which have been

filled whilst others have been approved as budget savings required for 2015/16.

Other significant areas which have contributed towards the underspend include supplies & services resulting from a more efficient use of on-line resources.

(vii) Policy, Planning & Transportation (£159,000 underspend):The Department has generated additional income during the financial year which has contributed in the main towards the underspend position. Fees in excess of budget have been as a result of an increase in the number of defect notices issued to statutory undertakers and the increase in the number of skip licences. One-off significant planning application fees have also brought in additional income during the year.

There have been additional costs during the year which have reduced the overall net underspend position, mainly due to an increase in reactive highway maintenance works required.

(viii) Corporate & Democracy (£2,158,000 underspend):- There were a number of significant corporate items which took place during the year which have contributed towards the underspend position. The Council has settled on all equal pay claims brought to the employment tribunal, as a result the provision held to settle claims has been transferred back into the revenue account.

The Treasury Management function has performed well over the year and minimised the level of borrowings required for short term needs, whilst at the same time increased income has been generated from investments. This was as a result of greater flexibility in the use of counterparties with whom the Council can place investments with, approved by Members during 2014/15.

A number of one-off grants have been received during the year which has also increased income. These include Section 31 small business rate relief grant and returned new homes bonus grant.

Reserves and Balances

- 3.8 The Council's Reserves and Balances have been reviewed in accordance with the Reserves and Balances Strategy and are considered reasonable given the scale of the financial challenges facing the Council.
- 3.9 Total revenue spending for the year was £178,000 below budget (compared to £579,000 in the previous year). As a result the Council's general reserve now stands at £8,823,662.

- 3.10 Council has approved £3m of the general reserve to be used as a temporary measure in balancing the budget for 2015/16. This will reduce the general reserve to £5.8m which is the lowest level held since March 2003. Given the current economic climate and the financial challenges facing the Council, it is considered that the general reserve at £5.8m remains a reasonable level.
- 3.11 The Council holds a transformation reserve to meet the costs associated with restructuring the delivery of Council services in the light of future financial challenges. The Government has reiterated during the year that cuts to public spending will continue through to 2017/18 at least. The balance of the reserve as at 31st March 2015 is £2.3m, however, a reduction of £0.5m was approved by Council to assist with balancing the 2015/16 budget.
- 3.12 The Council holds a reserve with a balance of £1.5m as at the end of the year to support invest to save projects. A reduction of £0.5m in this reserve was approved by Council to assist with balancing the 2015/16 budget. Given the level of savings required to balance future year budgets it is essential that these funds are set aside to fund projects which will lead to savings on the revenue budget for the Council.

School Balances

- 3.13 School balances as at 31st March 2015 total £7.8m (compared to £7.5m last year-end). This is made up of £7.5m on Individual School Budgets and £0.3m of General School grants which will carry forward into 2015/16. There is also £2.4m of unspent Schools related funding held centrally which will carry forward into 2015/16.
- 3.14 The breakdown of spending for 2014/15 against Individual School Budgets (ISB) is given in the table below.

Individual School Budgets (ISB) 2014/15						
	Nursery	Primary	Secondary	Special	Total	
	Schools	Schools	Schools	Schools	£'000	
	£'000	£'000	£'000	£'000		
Balance b/f from 13/14	100	3,765	2,182	1,284	7,331	
ISB for 2014/15	1,038	46,762	25,353	4,131	77,284	
Total Budget	1,138	50,527	27,535	5,415	84,615	
Actual Expenditure	1,044	45,388	25,978	4,744	77,154	
Balance c/f to 15/16	94	5,139	1,557	671	7,461	

Capital Spending

- 3.15 Appendix 2 presents details of spending against the 2014/15 Capital Programme. Capital spending totalled £32.1m, which is £11.0m below the revised capital programme of £43.1m.
- 3.16 This represents 75% delivery of the revised capital programme, there has been slippage on several large projects and spend will continue to be incurred on them in 2015/16. The projects with significant slippage include Castlefields Regeneration, 3MG, Widnes Waterfront, Former Crossville Depot Site and the Travellers Site at Warrington Road.

4.0 POLICY AND OTHER IMPLICATIONS

4.1 There are none.

5.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES

5.1 There are no direct implications, however, the revenue budget and capital programme support the delivery and achievement of all the Council's priorities.

6.0 RISK ANALYSIS

6.1 There are a number of financial risks within the budget. However, the Council has internal controls and processes in place to ensure that spending remains in line with budget.

7.0 EQUALITY AND DIVERSITY ISSUES

7.1 There are none.

8.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1972

8.1 There are no background papers under the meaning of the Act.
