#### COU39 NOTICE OF MOTION - PROTECTING WOMEN AND GIRLS FROM DOMESTIC VIOLENCE

Council considered a Notice of Motion submitted in

accordance with Standing Order No. 6.

The following Motion was proposed by Councillor Bevan and seconded by Councillor Norman Plumpton Walsh:-

PROTECTING WOMEN AND GIRLS FROM DOMESTIC ABUSE

This Council agrees that it is committed to challenging all forms domestic abuse and to promoting a culture in which people can be protected and the victims of domestic abuse be supported.

Council notes that in March, on International Women's Day, Jess Phillips M.P read out names in the House of Commons of 109 women and girls who had lost their lives in cases where a male perpetrator had either been charged or convicted of their killing. Of the names read out 2 were unnamed, unknown women. The youngest victim was 15 and the oldest was 92 years of age. This list does not include women who have survived attempts on their life or those deaths in which cases never see anyone charged. We believe that this illustrates the scale of the problem, and Council agrees to commit to taking action to challenge domestic abuse.

Council agrees to:

- 1) Take steps to prepare an Action Plan to submit the Council as a candidate for White Ribbon accreditation, so that the Council can proactively engage in a range of actions to tackle the causes, and effects of domestic abuse, and to promote support for victims, and to challenge the behaviour of perpetrators.
- 2) We will proactively promote awareness and an end of domestic abuse with local schools, and through the operation of Council services, where we can do so.
- 3) We will make available to all Council Members and staff, the means for them to undertake an awareness course on domestic abuse, so that the early signs of it can be identified, and staff and members made aware of how to react to incidents.
- 4) We will hold an annual awareness event in conjunction with White Ribbon Day annually in

November, the International Day for the Eradication of Violence Against Women, to encourage men and boys to pledge never to take part in, condone or stay silent about violence against women.

- 5) We will take steps to ensure awareness for women who are experiencing violence to know where to get help through effective promotion of services available.
- 6) We will continue to promote the Safer Streets Campaign raising awareness of how both Men and Women can play their part in making Halton's streets safer in partnership with Cheshire Police.

The motion was put and carried.

RESOLVED: That the motion be approved.

#### COU40 NOTICE OF MOTION - SOCIO-ECONOMIC STATUS

Council considered a Notice of Motion submitted in accordance with Standing Order No. 6.

The following Motion was proposed by Councillor Abbott and seconded by Councillor Dennett:-

#### SOCIO-ECONOMIC STATUS

This Council continues to recognise its commitment to equality and diversity and to handling all people, fairly and equally in its dealings, both as an employer, and in deliver of public services.

Council has proudly maintained for many years its commitment to challenge discrimination and meet with its obligations under the Equality Act 2010. However, Council is now mindful that the Social Mobility Commission has now recommended to Government that it act to also recognise that socio-economic status (class) be treated as a protected characteristic, and we note the strong commitment made to supporting this by Mayor Rotheram, of the Liverpool City Region.

Council notes that "class" or socio-economic status is not currently a protected characteristic under equality law in the UK. That makes the UK an outlier in Europe, where in 20 out of 35 countries provide protection from discrimination on grounds of socio-economic status. It is still the case that in the UK your socio-economic background has an impact on your opportunities in life.

Council agrees that:

- 1) it supports efforts to define socio-economic status as a protected characteristic and we call upon Government to take steps to recognise this need, as have many other states within the EU;
- 2) we pledge to show regard to socio-economic status in the Council's dealings, including a commitment not to discriminate persons from use or access to services based on their socio-economic status (class); and
- 3) it will work where possible with the LCR, and Government to support efforts to recognise the impact a person's socio-economic status may have on their opportunities in life.

The motion was put and carried.

RESOLVED: That the motion be approved.
