## QUARTERLY MONITORING REPORT

**DIRECTORATE:** Environment

SERVICE: Stadium & Hospitality

PERIOD: Quarter 3 to period end 31<sup>st</sup> December 2008

#### 1.0 INTRODUCTION

This quarterly monitoring report covers the Stadium & Hospitality Department third quarter period up to 31 December 2008. It describes key developments and progress against 'key' milestones and performance indicators for the service.

The way in which traffic light symbols have been used to reflect progress to date is explained in Appendix 5.

#### 2.0 KEY DEVELOPMENTS

#### **SCHOOL MEALS**

#### **School Brokerage Open Day**

An open day was held at The Stadium where a range of service providers, advertised in the Brokerage Booklet, where available to discuss specific school requirements with school representatives.

Following an extensive evaluation of School Meal Service providers in 2007, only the service provided by Halton Borough Council was deemed suitable to be included in the brochure.

#### **Awards Evening**

Following the success of the awards presentations that had previously been held during the day an official awards evening was introduced this year, over 200 catering staff attended the event at the end of November where over 100 staff received NVQ's at levels 1 & 2, in addition a number of specific awards where also introduced this year, they included: - Marketing Award, Team Award and School Catering Supervisor of the Year.

The event was a huge success and has had a positive effect on staff morale.

Since April 1998 catering staff have attended and successfully completed over 1,700 individual courses.

#### **Primary School Winter Menu**

A new primary school winter menu was introduced at the beginning of November. All the Catering Supervisors had been consulted to try and serve a

healthy tasty menu that all the children would enjoy, therefore increasing the uptake of meals.

A few new recipes have been included in the new recipe book to try and continually widen the children's diets

#### **School Meal Take-up**

The total meals served in all Halton primary schools from Sept –Dec 2008 has increased by 5% compared with Sept 2007- Dec 2007.

#### THE STOBART STADIUM HALTON

# **New Fixture List**

In an attempt to attract more spectators to the forthcoming National League games the Widnes Vikings have switched their games from a traditional Sunday afternoon start to either a Friday or Saturday evening.

The Vikings are working more closely than ever with the Stadium looking to increase all potential revenue streams.

#### **Christmas Party Nights**

Although the Christmas Party Nights where well attended, the average spend per person on the night(s) where actually down compared to 2007, this could be due to a change in drinking habits or a reflection of the present financial situation.

#### Social Club

Further indications of the present financial situation, a change in drinking habits, coupled to the new legislation on smoking is clearly evident when the Social Club figures are analysed.

Bar Income is below budget to date by £47,000 and gaming machine income below budget by £16,000, although casual hours and overtime have been reduced or ceased this area continues to operate below budget.

#### 3.0 EMERGING ISSUES

#### **Stadium Fitness**

In line with other fitness gyms a decline in membership has become evident over the past few months, it appears that social activities such as gym membership is an area people now regard as a "luxury".

A number of initiatives are being introduced in an attempt to increase membership.

# **School Meals Buffet Brochure / Theme Day Brochure**

In order to try and increase the income for school meals a new buffet brochure has been introduced to all schools for inset/ function catering.

The theme day brochure has also been introduced to give teachers and Catering Supervisors ideas on how to try and link the curriculum in schools with food served in the dining room and make school food fun.

#### **Food Cost Inflation**

Although the headline rate of inflation is around 4% the actual rate of inflation on a number of food products is exceeding 20%, it is very difficult to pass these over inflation increases on to the customer without it having a serious effect on the levels of uptake.

#### 4.0 PROGRESS AGAINST MILESTONES/OBJECTIVES

No "Other" milestones have been reported by exception this quarter. Progress towards "Key" milestones is good with 10 of the 11 awarded a green traffic light. For further details please refer to Appendix 1.

#### 5.0 SERVICE REVIEW

#### **SCHOOL MEALS**

# **Customer Satisfaction Survey**

Every school receives a minimum of one monthly visit by a member of the School Meals Management Team, as part of the newly introduced service monitoring process each Headteacher/ senior member of staff are asked to judge the service performance against measured targets.

The customer satisfaction target for 2008 was set at 86.66%. Results from the term dates September to December 08 indicate that a satisfaction level of 92% was achieved.

#### **Hospitality Assured**

In November 08 the School Meals Service had a 2 full day inspection to be reassessed against the requirements of The Hospitality Assured Standard for Service and Business Excellence.

The inspectors visited 8 schools that had not previously been assessed, interviews were held with selected members of staff, documentation and records were examined, and working practices observed.

Since the original assessment in October 2007 changes and improvements were seen in many of the processes and procedures within the school meals service, these included the adoption of a child friendly service promise and

improving the measurement of customer satisfaction.

The enthusiasm and commitment of all staff interviewed to providing a high standard of school meals was evident and commented on by the assessors.

As a consequence of the re-assessment higher scores for certain service delivery areas have been awarded increasing the overall score by 2 % from last year.

Only 12 other Local Authorities have achieved the accreditation to date.

A full report from the assessors is available to view from either the Schools Meals Manager or Head of Service.

#### Internal Audit Review

An internal audit of school meals has been completed and the findings have been presented to MT.

All the recommendations within the report have been actioned.

#### **Food Purchasing Contracts**

Due to the substantial increase in food costs Management and HBC Procurement Unit are reviewing all food contracts to try and make savings.

Our recent arrangement with SNUPI (which buys on behalf of Universities, Colleges and some Local Councils) has resulted in significant savings when compared to our previous arrangement with Cheshire County Council.

#### **CIVIC CATERING**

#### **Internal Audit Review**

An internal audit of the Council Coffee Shops has been completed and the findings presented to MT.

All the recommendations within the report have now been actioned.

#### 6.0 PROGRESS AGAINST KEY PERFORMANCE INDICATORS

Targets set for take up of free school meals will not be met this year, however, significant increases have been achieved both at primary and secondary levels. For further details please refer to Appendix 2.

#### 6.1 PROGRESS AGAINST OTHER PERFORMANCE INDICATORS

| Total 1 | <b>⋄</b> 0 | *<br>0 1 |

#### 8.0 RISK CONTROL MEASURES

During the production of the 2008-09 Service Plan, the service was required to undertake a risk assessment of all Key Service Objectives.

Where a Key Service Objective has been assessed and found to have associated 'High' risk, progress against the application of risk treatment measures is to be monitored, and reported in the quarterly monitoring report in quarters 2 and 4.

There are no Service Objectives for this service that have has been assessed and found to have associated 'High' risks. Therefore, there is no progress to report.

#### 9.0 PROGRESS AGAINST HIGH PRIORITY EQUALITY ACTIONS

During 2007/08 the service was required to undertake an Equality Impact Assessment. Progress against actions identified through that assessment, with associated High priority are to be reported in the quarterly monitoring report in quarters 2 and 4.

The overspend on labour is a result of an increase in food preparation time resulting from the new nutritional guidelines and an increase in the uptake of Free Children's Meals

APPENDIX FOUR – FINANCIAL STATEMENT Stadium & Hospitality Services

# Page 20

The increase in food costs is a result of the new nutritional guidelines and other economic factors and an increase in the uptake of Free Children's Meals

The above is reflected with an increase in income.

Civic Catering sales income continues to be a concern. It is unlikely that the year end target will be achieved.
