REPORT TO: Employment Learning and Skills Policy and

Performance Board

DATE: 29th January 2007

REPORTING OFFICER: Chief Executive

SUBJECT: Public Question Time

WARD(s): Borough-wide

1.0 PURPOSE OF REPORT

- 1.1 To consider any questions submitted by the Public in accordance with Standing Order 34 (11).
- 1.2 Details of any questions received will be circulated at the meeting.
- 2.0 RECOMMENDED: That any questions received be dealt with.

3.0 SUPPORTING INFORMATION

- 3.1 Standing Order 34(11) states that Public Questions shall be dealt with as follows: -
 - (i) A total of 30 minutes will be allocated for members of the public who are residents of the Borough, to ask questions at meetings of the Policy and Performance Boards.
 - (ii) Members of the public can ask questions on any matter relating to the agenda.
 - (iii) Members of the public can ask questions. Written notice of questions must be submitted by 4.00 pm on the day prior to the meeting. At any meeting no person/organisation may submit more than one question.
 - (iv) One supplementary question (relating to the original question) may be asked by the questioner which may or may not be answered at the meeting.
 - (v) The Chair or proper officer may reject a question if it:-
 - Is not about a matter for which the local authority has a responsibility or which affects the Borough;
 - Is defamatory, frivolous, offensive, abusive or racist;
 - Is substantially the same as a question which has been put at a meeting of the Council in the past six months; or
 - Requires the disclosure of confidential or exempt information.

- (vi) In the interests of natural justice, public questions cannot relate to a planning or licensing application or to any matter, which is not dealt with in the public part of a meeting.
- (vii) The Chairperson will ask for people to indicate that they wish to ask a question.
- (viii) **PLEASE NOTE** that the maximum amount of time each questioner will be allowed is 3 minutes.
- (ix) If you do not receive a response at the meeting, a Council Officer will ask for your name and address and make sure that you receive a written response.

Please bear in mind that public question time lasts for a maximum of 30 minutes. To help in making the most of this opportunity to speak: -

- Please keep questions as concise as possible.
- Please do not repeat or make statements on earlier questions as this reduces the time available for other issues to be raised.
- Please note that public question time is not intended for debate –
 issues raised will be responded to either at the meeting or in writing
 at a later date.

4.0 POLICY IMPLICATIONS

None.

REPORT TO: Employment Learning and Skills Policy and

Performance Board

DATE: 29th January 2007

REPORTING OFFICER: Chief Executive

SUBJECT: Executive Board Minutes

WARD(s): Boroughwide

1.0 PURPOSE OF REPORT

- 1.1 The Minutes relating to the Employment Learning and Skills Portfolio which have been considered by the Executive Board and Executive Board Sub since the last meeting are attached at Appendix 1 for information.
- 1.2 The Minutes are submitted to inform the Policy and Performance Board of decisions taken in their area.
- 2.0 RECOMMENDATION: That the Minutes be noted.
- 3.0 POLICY IMPLICATIONS

None.

5.0 OTHER IMPLICATIONS

None.

6.0 RISK ANALYSIS

None.

7.0 EQUALITY AND DIVERSITY ISSUES

None.

8.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1972

There are no background papers under the meaning of the Act.

APPENDIX 1

Extract of Executive Board Minutes Relevant to the Employment, Learning and Skills Policy and Performance Board

EXECUTIVE BOARD MEETING HELD ON 2ND NOVEMBER 2006

EXB48 MEDIUM TERM FINANCIAL FORECAST

The Board considered a report of the Operational Director – Financial Services setting out the findings of the Medium Term Financial Forecast. It was noted that the Forecast set out a three-year projection of resources and revenue spending. The implications of the forecast in terms of the need for budget savings in 2007/08 onwards could then be considered and the scope for increased costs to maintain or enhance services assessed.

It was noted that the projections provided initial guidance to the Council on its revenue position into the medium term, although further information had yet to be received and the projections therefore needed to be treated with caution. However, the forecast currently showed that the spending required to maintain existing policies and programmes was expected to increase at a faster rate than the resources available to support it. Given the need to avoid budgets being capped by the Government, levels of additional spending would need to be kept to the absolute minimum and compensating budget savings would need to be identified.

The Board considered areas of uncertainty such as the change in the allocation of the Supporting People Grant and the waste agenda. In addition, Members discussed the impact on the Authority of the introduction of the Dedicated School Grant where, due to the Council supporting its schools and cushioning them from the impact of the new formula, it was now being penalised. It was advised that representations in this respect were ongoing. The Board further noted that national negotiations would determine the final figure in respect of staff salary inflation.

RESOLVED: That

- (1) the Medium Term Financial Forecast be noted;
- (2) the base budget be prepared on the basis of the underlying assumptions set out in the Forecast; and
- (3) further reports be considered by the Executive Board on the areas for budget savings and cost increases to maintain existing service levels or service enhancements.

EXB50 APPLICATION FOR TWINNING GRANT

The Board considered a report of the Strategic Director – Corporate and Policy outlining an application being made to the Twinning Grant Fund. It was noted that the Fund had been set up in April 1996 to assist in enabling all members of the community to access and gain benefit from the Council's international links.

An application had been received from Halton Swimming Team requesting support for 25 members to visit Usti nad Labem between 10th and 13th November 2006. During the visit the members would compete in a swimming competition in the Ing. Vilem Protschke swimming pool: a return visit from the swim team in Usti nad Labem was being planned for August/September 2008.

It was advised that, if Members were to approve the project, the grant would be offered subject to a number of conditions which were outlined within the report.

RESOLVED: That £2000 be awarded to the Halton Swimming Club.

EXECUTIVE BOARD MEETING HELD ON 7TH DECEMBER 2006

EXB68 LOCAL AREA AGREEMENTS

The Board considered a report of the Strategic Director – Corporate and Policy regarding Local Area Agreements. It was noted that a Local Area Agreement (LAA) was a three year protocol that set out the priorities for a local area. This had to be agreed between central government and the area itself, as represented by the lead local authority and other key partners through Local Strategic Partnership.

The Government had stipulated that Halton would be in Round 3 of the programme, which meant that an Agreement had to be negotiated by April 2007. A draft had been endorsed by the Board in September and had subsequently been submitted to Government Office North West (GONW) on 29 September. A number of developments had taken place since that time and these were outlined within the report for Members' consideration. This had resulted in the production of a revised LAA with the key changes being in the narrative and outcomes framework.

The Board noted that the final document had to be submitted to Government by 20 December 2006 and, as Halton Borough Council was to be the accountable body for the LAA, Members were requested to formally endorse the Agreement prior to its submission to GONW and subsequent sign off by the Minister.

RESOLVED: That

- (1) the final agreement be endorsed and its submission to Government be agreed; and
- (2) the Leader and Chief Executive be given delegated powers to make any necessary minor drafting amendments to the submission following Executive Board.

Page 7

Agenda Item 5a

REPORT TO: Employment, Learning and Skills PPB

DATE: 29th January 2007

REPORTING OFFICER: Strategic Director – Health and Community

SUBJECT: Mid Year Monitoring Report for Voluntary Sector Funding

WARD(S): Borough-wide

- 1.0 Purpose of Report
- 1.1 To receive the Mid Year monitoring report for Voluntary Sector Core Funding
- 2.0 Recommended that:
 - (1) the report be noted.
- 3.0 Supporting Information
- **3.1** Appendix 1 monitors those organisations receiving Voluntary Sector Core Funding for the first 6 months of 06/07.
- 4.0 Policy and other Implications
- **4.1** None at this stage.
- 5.0 Other Implications
- **5.1** There are no financial implications
- 5.2 The work of the voluntary sector receiving core funding grants impacts greatly on social inclusion, community involvement, anti-poverty and diversity issues.
- 6.0 Risk Analysis
- None directly. The PPB, however, will monitor that the grant is being spent appropriately and the Council and Halton people receive value for money.
- 7.0 Equality and Diversity Issues
- **7.1** To receive a grant, organisations have to demonstrate that acceptable equality and diversity policies are in place.
- 8.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1972.
- **8.1** None under the meaning of the Act.

Page 24 Agenda Item 5b

REPORT TO: Employment, Learning and Skills Policy &

Performance Board

DATE: 29th January 2007

REPORTING OFFICER: Strategic Director, Environment

SUBJECT: Halton Housing Construction Partnership

WARDS: Borough-wide

1.0 PURPOSE OF THE REPORT

1.1 To brief the Policy & Performance Board on the emerging Halton Housing Construction Partnership and the Recruitment Event arranged by HPiJ that was held at Halton Stadium on 1/11/06.

2.0 RECOMMENDATION: That

(1) Progress to date in the development of the Halton Housing Construction Partnership be considered.

3.0 SUPPORTING INFORMATION

- 3.1 The Board has previously raised the issue of job opportunities arising from the investment programme of Halton Housing Trust (HHT). The Halton Housing Construction Partnership (HHCP) consists of Halton Housing Trust (HHT) and three main construction partners (Bullocks, Bramhalls and Connoughts). HHT have embarked on a 'Decent Homes Scheme' that will see the Trusts housing stock of over 4000 homes renovated over a 4-year period commencing from late November 2006.
- 3.2 Halton People into Jobs (HPiJ) attended the inaugural meeting of HHCP's Equality and Diversity / Local Employment Sub Group in October 2006. HPiJ secured agreement from HHCP for:
 - HPiJ to be the Partnerships recruitment service of choice
 - target Halton priority groups (i.e. disabled residents, single parents, 16-19 year olds including NEET group, people aged 50 years+, and people from the most deprived wards with highest concentrations of worklessness) and develop further into longerterm initiatives
 - HPiJ to co-ordinate an open recruitment / supply chain event to identify potential suitable employees and identify potential suitable construction sub-contractors.
- 3.3 HPiJ with only 2 weeks notice coordinated a very successful recruitment /supply chain event on behalf of HHCP which took place at the Halton Stadium on 1 November 2006, to source staff and local companies looking for sub-contracting opportunities.
- 3.4 The event, advertised across a variety of locations in Widnes and Runcorn, as well as through Wire FM commercials, attracted over **200**

(165 Halton residents) people with skills and experience in a range of construction trade areas such as electricians, window fitters, joiners and painters/decorators. In addition, some **30** building contractors attended the event to find out about sub contract opportunities.

- 3.5 In total, **34** local people attended pre-arranged interview sessions at Halton Direct link prior to the open day event, and an additional **122** people had pre screening interviews on the day by Halton Housing Trust and the 3 partners. Of the **30** contractors that attended 14 are now in discussions about the possibility of sub contracts.
- 3.6 The recruitment day has enabled the partners to source a number of staff on a rolling recruitment process, with approximately **20** jobs starting shortly after Christmas, Additionally, a matrix has been compiled of those candidates passing the first interview stage of the recruitment process, containing **95** names, of which **88** are Halton residents, and employment opportunities will be offered to these remaining suitable candidates in the new year and ongoing.
- 3.7 Feedback from HHT and partners was very positive and the event was considered by all as "a real success!" and "well organised".
- 3.8 HHCP wishes to further develop the partnership working arrangement with HPiJ and it has been agreed early in 2007 to explore various training opportunities including Apprenticeships, pre-employment and work-experience opportunities with Halton Education Business Partnership.

4.0 POLICY IMPLICATIONS

- 4.1 Supports Employment Key Objective: To promote and increase the employability of local people and remove any barriers to employment.
- 4.2 Supports Employment Key Improvement Target : Increase employment rate by 2%

5.0 OTHER IMPLICATIONS

5.1 This initiative demonstrates the value of HPiJ services to local employing organisations and residents in Halton.

6.0 RISK ANALYSIS

- 6.1 Halton Housing Trust and their construction partners were extremely impressed with the speed with which HPiJ were able to meet their recruitment and sub-contracting needs and the partnership working that has developed will ensure that residents will benefit directly from future employment and training opportunities with HHCP.
- 6.2 However, the external funding, both ERDF and NRF, which provided the majority of funding for HPiJ will terminate on 31.3.2008. The service will need to secure funding to continue to provide an excellent employment service to employers and residents in Halton.

7.0 EQUALITY AND DIVERSITY ISSUES

7.1 The recruitment and training initiatives developed by HPiJ and HHCP will provide jobs and training opportunities for local residents, with particular emphasis being given by HPiJ to those in the most economically excluded wards in the Borough as detailed on the Halton Employment Strategy. As the relationship with the construction partners develops, further work will be undertaken to encourage local people that are under represented in the building industry to consider applying for jobs.

REPORT: Employment, Learning and Skills Policy and

Performance Board

DATE: 29th January 2007

REPORTING OFFICER: Strategic Director Environment and Development

SUBJECT: Employment, Learning and Skills Policy and

Performance Board Work Programme 2007/8

WARDS: Boroughwide

1.0 PURPOSE AND CONTENT OF REPORT

- 1.1 This report is the first step in developing a work programme of Topics for the Board to examine in 2007/8. While the Board ultimately determines its own Topics, suggestions for Topics to be considered may also come from a variety of other sources in addition to Members of the Board themselves, including members of the Council's Executive, other non-Executive Members, officers, the public, partner and other organisations.
- 1.2 The key tasks for Board Members are:
 - to suggest and gather Topic ideas on issues relevant to the Board's remit:
 - to develop and prioritise a shortlist of possible Topics for examination in 2007/8, bearing in mind the Council's agreed selection criteria (copy attached):
 - to decide on a work programme of 2 to 4 Topics to be undertaken in the next municipal year.
- 1.3 Members may also wish to monitor progress in delivering the 2006/7 work programme.
- 2.0 RECOMMENDED: that the Policy and Performance Board
 - (1) Consider and put forward its initial suggestions for Topics to be included in the Board's 2007/8 work programme
 - (2) Develop and informally consult on a shortlist of its own and others' 2007/8 Topic suggestions ahead of the Board's meeting on 12th March, bearing in mind the Council's Topic selection criteria
 - (3) Decide at its March 12th meeting on a work programme of 2 to 4 Topics to be examined in 2007/8.

3.0 SUPPORTING INFORMATION

(See Topic selection checklist attached)

OVERVIEW AND SCRUTINY WORK PROGRAMME

Topic Selection Checklist

This checklist leads the user through a reasoning process to identify a) why a topic should be explored and b) whether it makes sense to examine it through the overview and scrutiny process. More "yeses" indicate a stronger case for selecting the Topic.

| # | CRITERION | Yes/No | | |
|---|---|--------|--|--|
| Why? Evidence for why a topic should be explored and included in the work programme | | | | |
| 1 | Is the Topic directly aligned with and have significant implications for at least 1 of Halton's 5 strategic priorities & related objectives/PIs, and/or a key central government priority? | | | |
| 2 | Does the Topic address an identified need or issue? | | | |
| 3 | Is there a high level of public interest or concern about the Topic e.g. apparent from consultation, complaints or the local press | | | |
| 4 | Has the Topic been identified through performance monitoring e.g. PIs indicating an area of poor performance with scope for improvement? | | | |
| 5 | Has the Topic been raised as an issue requiring further examination through a review, inspection or assessment, or by the auditor? | | | |
| 6 | Is the Topic area likely to have a major impact on resources or be significantly affected by financial or other resource problems e.g. a pattern of major overspending or persisting staffing difficulties that could undermine performance? | | | |
| 7 | Has some recent development or change created a need to look at the Topic e.g. new government guidance/legislation, or new research findings? | | | |
| 8 | Would there be significant risks to the organisation and the community as a result of <u>not</u> examining this topic? | | | |
| Who | <u>ether</u> ? Reasons affecting whether it makes sense to examine an identified top | pic | | |
| 9 | Scope for impact - Is the Topic something the Council can actually influence, directly or via its partners? Can we make a difference? | | | |
| 10 | Outcomes – Are there clear improvement outcomes (not specific answers) in mind from examining the Topic and are they likely to be achievable? | | | |
| 11 | Cost: benefit - are the benefits of working on the Topic likely to outweigh the costs, making investment of time & effort worthwhile? | | | |
| 12 | Are PPBs the best way to add value in this Topic area? Can they make a distinctive contribution? | | | |
| 13 | Does the organisation have the capacity to progress this Topic? (e.g. is it related to other review or work peaks that would place an unacceptable load on a particular officer or team?) | | | |
| 14 | Can PPBs contribute meaningfully given the time available? | | | |

REPORT TO: Employment, Learning and Skills Policy and Performance Board

DATE: 29th January 2007

REPORTING OFFICER: Strategic Director, Environment

SUBJECT: Employment Learning and Skills Specialist Strategic Partnership

WARD(S): Borough-wide

1. PURPOSE OF REPORT

1.1 To provide a briefing on the Employment Learning and Skills Specialist Strategic Partnership (SSP).

2. RECOMMENDED: That

2.1 That progress on the development of the Specialist Strategic Partnership be noted and that Policy and Performance Board identifies any issues it would like it to feed into the SSP.

3. SUPPORTING INFORMATION

- 3.1 Following on from changes made by the Local Strategic Partnership to its structure, the Employment Learning and Skills Specialist Strategic Partnership (SSP) was created. The first meeting took place on 31st march 2006. The new SSP was created to give greater focus to employment, learning and skills issues and was a consequence of lack of significant progress in these issues over the previous few years.
- 3.2 The SSP is chaired by the District Manager for Jobcentre Plus and the vice chair is the Operational Director for Economic Regeneration. Membership of the SSP presently comprises -
 - Jobcentre Plus, Connexions, Halton Borough Council (Economic Regeneration, Policy & Partnership and Benefits), Riverside College Halton, Business Link Greater Merseyside, Learning and Skills Council Greater Merseyside, YMCA/ Halton Together, Halton Voluntary Action
- 3.3 Since formation, the SSP has finalised the three strategies for employment, enterprise and workforce skills. It has also allocated its Neighbourhood Renewal Funding (NRF) budget for 2006-07 (see appendix one). For 2007-08, the SSP has provisionally allocated budgets (based on a 10% reduction for each project) but projects must make satisfactory progress to be able to obtain this funding.
- 3.4 Importantly, the SSP is just at the point of developing subgroups to drive the implementation of its three strategies. It has already established a performance sub group that will manage the NRF budget to ensure targets are hit and money is expended on time.
- 3.5 The SSP has undertaken an extensive mapping exercise of what all the partners are doing either directly or by way of commissioning and this has fed into the process of developing the Local Agree Agreement (LAA). The SSP itself has considered the LAA drafts and

inputted its suggested amendments. The chair and vice chair are both on the LAA corporate working group.

- 3.6 The SSP is very focused on having private sector input into its work. It has taken the decision that this will not be achieved by trying to secure regular private sector attendance at the SSP meetings, but to be much more private sector friendly. Therefore, It will seek private sector input in to specific programmes and projects and the use of regular surveys. For example, the SSP lead on the development of the recent Local Enterprise Growth Initiative bid to government. It established a steering group of 18 private sector businesses that -
 - Examined the present state of enterprise in the borough
 - Identified the thrust and key themes
 - Considered the options for developing the programme, including the actions from the Employment Topic Group
 - Determined the content of the submission.
- 3.7 The SSP is keen to ensure that it integrates its activity with the wider regeneration of the borough and has received presentations on the benefits express/debt issues and sure start to later life.
- 3.8 Looking to the future, there are a number of important issues for the SSP
 - How to maximise the impact of the money being spent by all the partners –much of this is about aligning budgets and removing duplication
 - Securing additional resources
 - Effecting a step change in skills levels and the rate of business start ups, both of which are low
 - Ensuring those areas with the highest rate of worklessness are prioritised for support
 - Determining how the new regional Business Link will work locally when it replaces the existing 5 sub regional operations
 - Supporting the Learning and Skills Council (LSC) in developing its dedicated team for Halton and ensuring the development of the new LSC adult plan meets the need of the locality.
 - Working to maximise the benefits of employment, learning and skills activities for disabled people.

4. POLICY IMPLICATIONS

4.1 The Employment, Learning and Skills agenda is a key priority within the Corporate Plan. As such, the SSP has a vital role to play to ensue the targets within the plan and the Community Strategy are achieved.

5. RISK ANALYSIS

5.1 The risks in taking forward the Employment, Learning and Skills agenda are complex. Clearly there is a significant risk should levels of government funding be squeezed as part of the Comprehensive Spending Review. There are a number of changes in government policy that may affect the work, such as the regionalisation of business links. The ongoing debate about how difficult it is for partners to work together within the present restrictions of the data protection act is yet to be resolved. The government desire to see regeneration funding budgets pooled is good and well intended, but the rules that prevent this remains a significant barrier. There are also local factors such as the changes to the Learning and Skills Council and how long they will take to bed down. Taking all these issues and others

Page 31

into account, the existence of the SSP is seen as a critical way of helping to address and manage these risks at the local level. For example, pooling budgets is very difficult within this area, but the SSP is playing a key role in helping to align budgets wherever possible.

6. EQUALITY AND DIVERSITY ISSUES

6.1 As a result of work undertaken at the Employment Learning and Skills SSP, there is now a clear message regarding the need to target groups and areas that are most excluded from the labour market. In terms of geography, the target areas are Castlefields, Windmill Hill, Halton Lea, Kingsway, Riverside, Appleton and Grange. In terms of groups, the targets are 50+ (silver economy), economically inactive women, lone parents, young long term, people on Incapacity Benefit/disabled.

Project Summaries

Skills for life assessments

Basic skills assessments for learners and the unemployed.

Staff development/qualifications

Ensuring capacity to deliver learning by increased training.

Effective Promotion

Delivery of a wide range of materials and promotions to encourage people to return to learning **SfL(skills for life) Forum**

Forum that brings all local providers together to plan future activity and understand what has been commissioned externally

YMCA Project

High intensity support to residents in life skills, learning and employability.

Database and mapping

Cost of developing and maintaining full record of provision

Business Perceptions Survey

Every other year there will be a survey of businesses to identify skills needs and future demand

Responding to Survey

The last survey took place in February 2006 and the SSP allocated a small amount of money to assist companies to train their staff where other funding does not exist – typically short course.

Fit for Purpose (ICT upgrade)

Upgrading of community based ICT provision

WFD Publications

Publication of new skills strategy

WFD Sub-group

Tasked to implement skills strategy. Involves joint planning and delivery, intelligence gathering and raising of provision standards.

Childcare

Now college project. Development of a part time course for people interested in becoming a nursery nurse/child minder. Very successful with lone parents.

Childcare - Halton Family Groups

Personal development and employment finding for lone parents

Happen 4U

Social Enterprise delivering community research project by training and using local unemployed people

Enterprise broker and start ups

Business advice to potential start-ups, small start up grants, enterprise broker to develop funding bids, identification of enterprise champion.

Bulky Bobs

Final payment for recycling contract

Halton People into Jobs

Local job finding service for the unemployed

Supported Employment

Support to help disabled people find and keep employment. The options include volunteering, supported permitted work, part time and full time employment.

Halton ILM

Provides work placements paying minimum wage to unemployed people to assist them back into the world of work.

The Workshop

Balance of monies supporting the former Jobcentre plus Action team

Outreach team

Outreach employment advice operating in 7 priority employment wards. Operates from community centres, connexions, benefits bus, library etc

Benefits Express

Fostering financial inclusiveness of local people by maximising benefit take up, reducing debt and promoting employment. Key improvement target is to reduce the number of children living in homes with low income

Bill payment service

Improving the financial and budgeting skills of credit union members

CAB Debt Advisors

Debt advice

CLSP (Community Legal Services Partnership) Co-ordinator

The aim of the partnership is to increase access and advice provision for all Halton residents.

REPORT TO: Employment, Learning and Skills PPB

DATE: 29th January 2007

REPORTING OFFICER: Strategic Director Health and Community

SUBJECT: Library Users Survey

WARDS: Borough wide

1.0 PURPOSE OF THE REPORT

1.1 To report on the findings of the Public Library Users Survey (PLUS) for Adults and Children undertaken in 2006

2.0 RECOMMENDATION: That

(1) The report be received

(2) Members of the PPB comment upon and question the findings of the survey

3.0 SUPPORTING INFORMATION

- 3.1 The results of both surveys are attached, Children's PLUS as Appendix 1, and Adult PLUS as Appendix 2. Key findings are summarised below.
- 3.2 The performance of the Library Service and users satisfaction with the service form part of the Best Value Performance Indicators, BVPI 118 and Public Library Service Standards, PLSS 7 and 8.
- 3.3 The data was gathered by questionnaire following the standard survey methodology CIPFA PLUS (Chartered Institute of Public Finance and Accountancy Public Library Users Survey) and has been analysed by CIPFA as prescribed by the Audit Commission
- 3.4 The Children's survey was undertaken in March 2006 and aimed at library users under the age of 16. The Adult survey was conducted in September 2006 and aimed at library users over the age of 16. Both surveys are undertaken once every 3 years.
- 3.5 Question 4 of the Children's survey "How often do you visit the library?" revealed that there has been an increase in the number of children using the library more than once a week compared to 3 years ago, 27.1% compared to 23%. The greatest increase in frequency has been at Widnes where 32% said they use the service more than once a week compared to 18.3% in 2003.

- 3.6 Question 7 "What will you do in the library today" shows that the pattern of Children's use has not changed significantly over the last 3 years, with 57.3% saying they had come to borrow a book and 22.8% to use the Internet/computer, previously 55.7% and 23.8%.
- 3.7 Question 8 sought Children and Young People's opinions on various aspects of the service.
 - 85% rated the books as "good"
 - 82.1% rated the computers as "good"
 - 76% thought the space to sit and work was "good" an improvement from 60.4% compared to 2003
 - 63.6% thought storytimes/events were "good" compared to 41.4% in 2003
 - 82.5% rated the library looks as "good" compared to 66.2% in 2003.
 - 73.4% thought library opening times were "good" compared to 50.2% in 2003
- 3.8 Question 8 "Overall I think the library is" provided the results for PLSS 8 (Public Library Service Standard 8, the % of library users under 16 who view their library service as good). 93.1% rated the service overall as "good" this is well above the target for the standard which is 77%.
- 3.9 Question 1 of the Adult survey sought opinions on various aspects of the service.
 - Opening hours overall 95.3% of adults considered the opening hours to be "very good or good", compared to 75.3% in 2003. This reflects the extended opening hours introduced in all libraries in 2004.
 - Attractiveness of the library inside overall 85.3% felt that the libraries attractiveness inside was "very good or good", this compares to 89.2% in 2003. However there have been significant changes in the scores for the individual libraries compared to 2003. Widnes and Ditton have both shown a considerable improvement. 77% now consider Widnes to be "very good" compared to 34% in 2003 and 66.4% think Ditton is "very good" compared to 51% in 2003. By comparison the satisfaction levels have fallen at both Halton Lea and Runcorn and reflects their need for refurbishment. Only 28.6% now consider Halton Lea to be "very good" compared to 52.8% in 2003 and 24.4% think Runcorn is "very good" compared to 39.4% in 2003.
 - As a safe place to visit overall 96.3% of adults consider the library "very good or good" as a safe place to visit
- 3.10 Questions 3 and 12 of the Adult survey provide the results for the Best Value Performance Indicator, BVPI 118A and B and measure whether users found a book to borrow and the information they were looking for. 88.1% (BVPI 118A) of users found a book to borrow, whilst 79.6% (BVPI 118B) found the information they required. This exceeds the standards set for both indicators, which are 68% (BVPI 118A) and 75% (BVPI 118B).

- 3.11 Question 15 of the Adult survey provides the results for the Best Value Performance Indicator, BVPI 118C and the Public Library Service Standard PLSS 7 "the % of library users 16 and over who view their library service as good or very good". 97% of users were satisfied with the service overall, this compares with 93.5% in 2003 and exceeds the target set for this standard, which is 94%.
- 3.12 Further detailed analysis of the results of both surveys is currently being undertaken and this information, where appropriate, will be used to help make improvements to the service.

4.0 POLICY IMPLICATIONS

- 4.1 None immediately, although the findings will be considered in developing the Libraries Divisional Plan.
- 5.0 OTHER IMPLICATIONS
- 5.1 None
- 6.0 RISK ANALYSIS
- 6.1 None
- 7.0 EQUALITY AND DIVERSITY ISSUES
- 7.1 None
- 8.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1972
