	<i>Action</i>
CYP14 MINUTES	
The Minutes of the meeting held on 9 <sup>th</sup> June 2014 were taken as read and signed as a correct record.	
CYP15 PUBLIC QUESTION TIME	
It was noted that no public questions had been received.	
CYP16 EXECUTIVE BOARD MINUTES	
The Board received a report which contained the Minutes relating to the Children, Young People and Families Portfolio, which had been considered by the Executive Board Committee since the last meeting of the PPB.	
RESOLVED: That the Minutes be noted.	
CYP17 PROPOSED CUTS TO EDUCATION SERVICES GRANT	
The Board was advised that the June 2013 spending	

round announced the Department of Education would be required to make £200m savings in 2015/16. In order to protect front-line spending for schools, they consulted on the impact of a 25% reduction Education Services Grant (ESG) to local authorities in 2015/16. ESG was revenue funding by Government to fund the statutory functions of education provision.

It was reported that the consultation document outlined there were different levels of spend in local authorities on statutory functions and had undertaken in depth studies at 18 local authorities and 13 academies to establish how the ESG spend was prioritised to assist local authorities in managing a reduction in advance.

Members were advised that the Government had announced the outcome of the consultation on the proposals to reduce ESG funding in 2015/16. They had confirmed that ESG would reduce by £200m which would mean the general funding rate would fall from £113 per pupil to £87 per pupil, a cut of 23%. Consequently, the Council would receive a reduction of around £0.5m in ESG in 2015/16 for the Council. It was noted that any further conversions of schools to academies would increase this reduction.

The reduction of ESG represented a significant loss of funding to the Council and whilst schools were not directly affected, there would be an impact of the level of support the Local Authority could provide to schools. The Local Authority was currently reviewing the effect any reduction would have on the ability to undertake its statutory role effectively.

RESOLVED: That the report be noted.

## CYP18 EDUCATION REFORMS UPDATE

The Board considered a report of the Strategic Director, Children and Enterprise, which provided a summary of recent and forthcoming changes in education in the following areas:-

- Early Years Curriculum;
- 2014 Primary National Curriculum;
- Assessment and Accountability Framework;
- Reforms in Key Stages 1 and 2;
- Secondary Curriculum;
- Accountability System for the Secondary Phase; and
- Disadvantaged Pupils.

The Board discussed the removal of national

curriculum levels from September 2014. Individual schools must decide how to track progress and provide regular information to parents, suited to the curriculum they teach. The Department of Education would not prescribe a single system for ongoing assessment and reporting. It was suggested that discussions with Halton Primary Headteachers take place to consider a Halton School system for tracking a child's progress.

In addition, a Member queried the information in Paragraph 8.2 Basket 3 and it was agreed that this would be checked and the Member advised accordingly. Further, information on coursework and if this was still included in the assessment for vocational qualifications would be forwarded to Members.

RESOLVED: That Members note the contents of the report.

#### CYP19 TROUBLED FAMILIES UPDATE

The Board received a report of the Strategic Director, Children and Enterprise, which provided an update on the development of the Troubled Families Programme. It was reported that the Troubled Families Unit provided national criteria for identifying Troubled Families and Local Authorities could identify local measures. In Halton for 2012/13 these were domestic abuse and alcohol. For 2013/14, the measures had been increased to include drug misuse, NEET and a child under the age of 5.

The report set out the delivery and it was noted that 145 families had been identified for the first year and work was being carried out with partners and agencies to identify where families were up to with regard to interventions, engagement and a setting to determine if the whole family needs were being met. Numbers had been confirmed for year 2 and 3, details of which were outlined in the report for information. In addition, the report set out the performance and included a table that summarised the number of families who were issued leads from year 1, their status in relation to payments by results (PBR) claimed in January and July 2013, and those estimated for October. It was further noted that 66% of 145 families from year 1 had achieved the target set.

The report further detailed current case studies, cost benefit analysis and other implications.

Members were advised on Phase 2 of the Troubled

Families Programme. The Government had recently announced that the programme would be expanded to work with 400,000 more families from 2015-2020 with an additional £200m funding for 2015-16. In addition the criteria for a family to be included in the programme had been expanded. In order to be included in the second wave of early starters, areas would need to be working with all their current allocation of families by 30<sup>th</sup> September and had turned around at least 65% of them by 31<sup>st</sup> October 2014. The national rollout would commence 1<sup>st</sup> April 2015.

RESOLVED: That the Board

1. note the developments in the Troubled Families Programme; and
2. support the Troubled Families approach in Halton.

The Board was further advised of the types of complaints made and who they were made by; the outcome of Stage 1 compliance; information regarding Stage 2 complaints; Stage 3 Review Panel; the Local Government Ombudsman and timescales.

In relation to compliments it was reported that 111 had been received in 2013/14, details of which were outlined in the report for information.

CYP23 THE USE OF PUPIL PREMIUM

The Board received a report which provided an overview on the aims, purpose, use, monitoring and accountability of the Pupil Premium and its impact on improving educational outcomes for disadvantaged pupils. In addition, the report provided an analysis of the 2013/14 Ofsted inspection judgements on the impact of the Pupil Premium in closing the achievement gaps between pupils in receipt of the Pupil Premium and their peers.

The Board noted that Pupil Premium was introduced in April 2011 and was specific, additional funding provided to support the education of pupils known to be eligible for free school meals (FSM), pupils who had been eligible for FSM at any point in the last 6 years, children who had been looked after continuously for a period of 6 months and children whose parents were currently serving in the Armed Forces. The Government believed that the Pupil Premium, which was additional to main school funding, was the best way to address the current underlying inequalities between children eligible for free school meals and their peers, by ensuring that funding to tackle disadvantage reached the pupils who needed it most.

Members were advised that schools decided how the

Pupil Premium was spent. However, they were accountable for their use of this funding. Since September 2012, schools were required to publish on line information about their Pupil Premium allocation and how they planned to spend it in the coming year. They must also publish a statement of how they spent the money for the previous year, and its impact on the attainment of pupils eligible for support through the Pupil Premium. In addition, under the current OfSTED inspection framework, inspectors were now required to make a judgement on the use of the Pupil Premium and its impact on the progress, and attainment of pupils in receipt of Pupil Premium.

During the 2013/14 academic year, 22 schools in Halton were inspected by OfSTED. 16 were judged to be good, two outstanding and four required improvement. Overall, pupils in receipt of the Pupil Premium were achieving well compared to their peers, nationally. However, in at least six schools, in-school gaps were identified. Pupils in receipt of the Pupil Premium would be behind their peers by as much as two terms in some cases. All the schools were aware of their in-school gaps and the inspections acknowledged that appropriate action was being taken to close the gaps.

Since September 2013, inspectors had also been able to recommend an external review of the school's use of the Pupil Premium funding, where the inspection identified specific issues regarding the provision for eligible pupils. This had not been the case in Halton Schools. It was noted that the proportion of pupils on FSM achieving five A\* to C including English and Maths in Halton in 2013 was the highest in the North West. Halton was ranked first in the North and 29 nationally for the attainment of pupils on FSM.

Since the Peer Challenge exercise identified closing the gap a priority for Halton, a Closing the Gap Project was launched in May 2013 after a joint analysis of gaps between the schools and the School Improvement Team. There were currently twelve schools in the Project, six of which were inspected last academic year. Details on the progress of the schools involved in the Project were outlined in the report. Further work on identifying strategies that were effective in closing in-schools gaps would be carried out with the Closing the Gaps Project Schools and shared widely with all other schools.

RESOLVED: That Members note the contents of this report.
