REPORT TO:	Executive Board
DATE:	17 November 2016
REPORTING OFFICER:	Operational Director, Finance
PORTFOLIO:	Resources
SUBJECT:	Determination of Council Tax Base 2017/18
WARD(S):	Borough-wide

1.0 PURPOSE OF REPORT

- 1.1 The Council is required to determine annually the Council Tax Base for its area and also the Council Tax Base for each of the Parishes.
- 1.2 The Council is required to notify the Council Tax Base figure to the Cheshire Fire Authority, the Cheshire Police & Crime Commissioner and the Environment Agency by 31st January 2017. The Council is also required to calculate and advise if requested, the Parish Councils of their relevant Council Tax Bases.

2.0 RECOMMENDED: That

- (1) Council set the 2017/18 Council Tax Base at 33,818 for the Borough, and that the Cheshire Fire Authority, the Cheshire Police & Crime Commissioner, and the Environment Agency be so notified; and
- (2) Council set the Council Tax Base for each of the Parishes as follows:

Parish	Tax Base
Hale	662
Halebank	522
Daresbury	174
Moore	328
Preston Brook	332
Sandymoor	1,020

3.0 SUPPORTING INFORMATION

- 3.1 The Council Tax Base is the measure used for calculating council tax and is used by both the billing authority (the Council) and the major precepting authorities (Cheshire Fire Authority and the Cheshire Police & Crime Commissioner), in the calculation of their council tax requirements.
- 3.2 The Council Tax Base figure is arrived at in accordance with a prescribed formula, and represents the estimated full year number of chargeable dwellings in the Borough, expressed in terms of the equivalent of Band 'D' dwellings.
- 3.3 The Council Tax Base is calculated using the number of dwellings included in the Valuation List, as provided by the Valuation Office Agency, as at 17th October 2016. Adjustments are then made to take into account the estimated number of discounts, voids, additions and demolitions during the period 17th October 2016 to 31st March 2017.
- 3.4 From 2013/14 onwards, the tax base calculation has included an element for the Council Tax Reduction Scheme (the replacement for Council Tax Benefit). The estimated amount of Council Tax Support payable for 2017/18 is converted into the equivalent number of whole properties which are deducted from the total. The reduced tax base will not result in an increase in Council Tax, as the Council's budget requirement will be reduced by payment of a grant in lieu of Council Tax Support.
- 3.5 An estimated percentage collection rate is then applied to the product of the above calculation, to arrive at the Council Tax Base for the year.
- 3.6 Taking account of all the relevant information and applying a 97.0% collection rate, the calculation for 2017/18 provides a tax base figure of **33,818** for the Borough as a whole.
- 3.7 Taking account of all the relevant information and applying a 97.0% collection rate, the appropriate Council Tax Base for each of the Parishes is as follows;

Parish	Tax Base
Hale	662
	••-
Halebank	522
Daresbury	174
Moore	328
Preston Brook	332
Sandymoor	1,020

4.0 POLICY IMPLICATIONS

4.1 None.

5.0 FINANCIAL IMPLICATIONS

5.1 The Council Tax Base will enable the Council to set the level of council tax to be charged for 2017/18.

6.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES

- 6.1 **Children and Young People in Halton** None.
- 6.2 **Employment, Learning and Skills in Halton** None.
- 6.3 **A Healthy Halton** None.
- 6.4 **A Safer Halton** None.
- 6.5 Halton's Urban Renewal None.

7.0 RISK ANALYSIS

7.1 There would be significant loss of income to the Council if the Council Tax Base were not agreed, as it would not be possible to set the level of council tax to be charged for 2017/18.

8.0 EQUALITY AND DIVERSITY ISSUES

8.1 None.

REPORT TO:	Council
DATE:	7 December 2016
REPORTING OFFICER:	Operational Director – Finance
PORTFOLIO:	Resources
SUBJECT:	2016/17 Revised Capital Programme
WARD(S):	Borough-wide

1.0 PURPOSE OF REPORT

- 1.1 To seek approval to a number of revisions to the Council's 2016/17 capital programme.
- 2.0 RECOMMENDED: That the revisions to the Council's 2016/17 Capital Programme set out in section 3 below, be approved.

3.0 SUPPORTING INFORMATION

- 3.1 On 17 November 2016 the Executive Board received a report of spending against the Council's revenue budget and capital programme as at 30 September 2016. A number of revisions to the 2016/17 capital programme were recommended for approval by Council as outlined below.
- 3.2 The Council's 2016/17 capital programme has been revised to reflect a number of changes in spending profiles and funding as schemes have developed. These are reflected in the revised capital programme presented in Appendix 1. The schemes which have been revised within the programme are as follows
 - 1. Bridge & Highway Maintenance
 - 2. Integrated Transport & Network Management
 - 3. Crow Wood Park Play Area
 - 4. The Glen Play Area
 - 5. Mersey Gateway Construction Costs
 - 6. Mersey Gateway Development Costs
 - 7. Mersey Gateway Loan Interest During Construction
 - 8. STEPS Programme
 - 9. St Edwards Catholic Primary
 - 10. School Modernisation Projects
 - 11. Mersey Gateway Land Acquisition
 - 12. Norton Priory
 - 13. Bredon reconfiguration
 - 14. Disabled Facilities Grant
 - 15. Stairlifts (Adaptations Initiative)

- 16. RSL Adaptations (Joint Funding)
- 3.3 Subsequent to the Executive Board's consideration of the capital programme on 17 November 2016, an updated estimate of costs associated with infrastructure requirements for the 3MG project have been received. This indicates that costs will be up to £1.8m greater than originally estimated. Therefore, the capital programme shown in Appendix 1 has been revised to reflect these increased costs, which will be fully funded from capital receipts.

4.0 POLICY AND OTHER IMPLICATIONS

4.1 None.

5.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES

5.1 There are no direct implications; however, the capital programme supports the delivery and achievement of all the Council's priorities.

6.0 RISK ANALYSIS

- 6.1 There are a number of financial risks within the capital programme. However, the Council has internal controls and processes in place to ensure that spending remains in line with budget.
- 6.2 In preparing the 2016/17 budget and capital programme, a register of significant financial risks was prepared which has been updated as at 30 September 2016.

7.0 EQUALITY AND DIVERSITY ISSUES

7.1 None.

8.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1072

REPORT TO:	Executive Board
DATE:	17 November 2016
REPORTING OFFICER:	Operational Director – Finance
PORTFOLIO:	Resources
SUBJECT:	Initial Budget Proposals 2017/18
WARD(S):	Borough-wide

1.0 PURPOSE OF REPORT

1.1 To recommend to Council initial revenue budget proposals for 2017/18.

2.0 RECOMMENDED: That Council approve the initial budget proposals for 2017/18 set out in Appendix 1.

3.0 SUPPORTING INFORMATION

- 3.1 The Medium Term Financial Strategy (MTFS) forecasts potential revenue budget funding gaps for the Council which total nearly £33m over the next three years, assuming no increase in council tax.
- 3.2 Budget saving proposals for 2017/18 are currently being developed by the Budget Working Group.
- 3.3 The first set of these proposals totalling £7.9m is listed in Appendix 1. It is proposed to implement these immediately in order to also achieve a part-year saving in 2016/17, which will assist in keeping the Council's overall spending in line with budget. In addition, a number of the proposals will take time to implement and therefore commencing the process as soon as possible will assist with ensuring they are fully implemented by 1st April 2017.
- 3.4 Appendix 1 includes an indication of whether each saving proposal is permanent, temporary (one-off), or semi-permanent (subject to future year's funding allocations). It also presents the impact in 2018/19 of certain of the savings proposals.
- 3.5 The Government will announce its Grant Settlement for Local Government in late December. However, in announcing the 2016/17 Grant Settlement the Government provided indicative figures for 2017/18 to 2019/20 upon which the MTFS has been based.
- 3.6 The Council has also accepted the Government's four-year grant settlement offer, which should ensure that the Council will receive no less than the indicative grant figures for each year. Therefore, it is not expected that the forecast budget gap of £33m will change significantly.

3.7 A second set of budget saving proposals is currently being developed by the Budget Working Group, which will be recommended to Council on 8 March 2017 to deliver a balanced budget for 2017/18.

4.0 POLICY AND OTHER IMPLICATIONS

4.1 The revenue budget supports the Council in achieving the aims and objectives set out in the Community Strategy for Halton and the Council's Corporate Plan.

5.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES

5.1 The revenue budget supports the delivery and achievement of all the Council's priorities. The budget proposals listed in Appendix 1 have been prepared in consideration of all the Council's priorities.

6.0 RISK ANALYSIS

- 6.1 Failure to set a balanced budget would put the Council in breach of statutory requirements. The budget is prepared in accordance with detailed guidance and a timetable, to ensure statutory requirements are met and a balanced budget is prepared which aligns resources with corporate objectives.
- 6.2 The Council has accepted the Government's four-year grant settlement offer, which should ensure that the Council will receive no less than the indicative grant figures for each year up to 2019/20.

7.0 EQUALITY AND DIVERSITY ISSUES

7.1 None.

8.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1072

REPORT TO:	Business Efficiency Board
DATE:	23 November 2016
REPORTING OFFICER:	Operational Director – Finance
SUBJECT:	Procurement Strategy – External Auditor
PORTFOLIO:	Resources
WARD(S):	Borough-wide

1.0 PURPOSE OF REPORT

- 1.1. This report summarises the changes to the arrangements for appointing external auditors following the closure of the Audit Commission and the end of the transitional arrangements at the conclusion of the 2017/18 audits.
- 1.2. The Council will need to consider the options available and put in place an appropriate procurement strategy in time to make an appointment by 31 December 2017.
- 2.0 RECOMMENDATION: That Council be recommended to opt into the sector-led procurement of external auditors that will be undertaken by Public Sector Audit Appointments Limited (PSAA).

3.0 BACKGROUND

- 3.1 The Local Audit and Accountability Act 2014 abolished the Audit Commission and established transitional arrangements for the appointment of external auditors and the setting of audit fees for all local government and NHS bodies in England.
- 3.2 The Council's current external auditor is Grant Thornton, this appointment having been made under a contract let by the Audit Commission. Following closure of the Audit Commission the contract is managed by PSAA. The PSAA is an independent, not-for-profit company limited by guarantee, established by the Local Government Association.
- 3.3 The transitional arrangements for the Council's external audit will expire at the end of the 2017/18 accounts. The Council will then assume responsibility for the local appointment of its auditor. Alternatively, the Council can opt into arrangements to have the external auditor appointed on its behalf.
- 3.4 The scope of the audit will still be specified nationally. The National Audit Office (NAO) is responsible for writing the Code of Audit Practice, which all firms appointed to carry out the Council's audit must follow. Not all accounting firms will be eligible to compete for the work, as they will need to demonstrate that they have the required skills and experience and be registered with a Registered Supervising Body approved by the Financial Reporting Council.

4.0 OPTIONS FOR THE LOCAL APPOINTMENT OF EXTERNAL AUDITORS

4.1 There are three broad options open to the Council under the Local Audit and Accountability Act 2014:

Option 1 - To make a stand-alone appointment

4.2. In order to make a stand-alone appointment the Council would need to set up an Auditor Panel. The members of the panel must be wholly or a majority independent members as defined by the Act. Independent members for this purpose are independent appointees excluding current and former elected members (or officers) and their close families and friends. The panel must also be chaired by an independent member. This means that elected members would have limited input to assessing bids and selecting the auditor.

Advantage/benefit

• Setting up an Auditor Panel allows elected members to have some input to the appointment decision.

Disadvantages/risks

- Recruitment and servicing of the Auditor Panel, running the bidding exercise and negotiating the contract is estimated by the LGA to cost in the order of £15,000 plus ongoing expenses and allowances
- The Council would not be able to take advantage of the economies of scale available through joint or national procurement contracts, which would be likely to result in lower fees.
- The assessment of bids and the decision on awarding contracts will be taken by independent appointees and not solely by elected members.

Option 2 - Set up a Joint Auditor Panel/local joint procurement arrangements

4.3. The Act also enables the Council to join with other authorities to establish a joint Auditor Panel. Again this would need to be constituted of wholly or a majority of independent appointees. The Council would also need to liaise with other local authorities to assess the appetite for such an arrangement.

Advantages/benefits

- The costs of setting up the Auditor Panel, running the bidding exercise and negotiating the contract could be shared across a number of authorities.
- There is greater opportunity for achieving lower fees by being able to offer a larger combined contract value.

Disadvantages/risks

• The decision making body will be further removed with less potential for input from elected members.

• There may also be increased risk of independence issues arising where an auditor has recently, or is currently, carrying out work for one of the participating organisations. This would prevent the audit firm from being eligible to act as auditor for that organisation and would necessitate that organisation having to make a separate appointment.

Option 3 – Opt into a sector-led procurement arrangement

4.4. Public Sector Audit Appointments Limited (PSAA) has been specified as an appointing person under the provisions of the Local Audit and Accountability Act 2014 (the 2014 Act) and the Local Audit (Appointing Person) Regulations 2015. This means that PSAA will make auditor appointments to relevant principal local government bodies that choose to opt into the national appointment arrangements being developed. Opted-in arrangements will be for a compulsory specified period, currently indicated to be for three or five years.

Advantages/benefits

- The costs of setting up the appointment arrangements and negotiating fees would be shared across all opt-in authorities.
- A sector-led approach allows for the negotiation of contracts with the audit firms on a national basis thereby providing the most economic and efficient approach to procurement. By offering large contract values the firms are likely to be able to offer lower fees.
- Any conflicts at individual authorities would be managed by the PSAA who would have a number of contracted firms to call upon.
- The PSAA would act in the collective interests of all the 'opt-in' authorities.

Disadvantages/risks

- Elected members will have less opportunity for direct involvement in the appointment process other than through the PSAA and/or stakeholder representative groups. However, the PSAA will consult an individual authority about any proposed auditor appointment.
- The success of a sector-led approach would be dependent on the level of uptake. It is however understood that around 270 councils and local bodies have expressed an interest in joining the national scheme which the PSAA is developing.

5.0 THE WAY FORWARD

- 5.1 The Council has until December 2017 to make an appointment. In practical terms this means one of the options outlined in this report will need to be in place by spring 2017 in order that the contract negotiation process can be carried out during 2017.
- 5.2 The date by which principal local government bodies will need to opt into the appointing person arrangement is not yet finalised. The PSAA aims to award contracts to audit firms by June 2017, giving six months to consult on appointments

with authorities before the 31 December 2017 deadline. PSAA anticipate that invitations to opt in will be issued before December 2016.

5.3 The PSAA option offers economic benefits from a far larger procurement exercise and reduced procurement and management overheads. It is expected that these advantages would outweigh any potential benefits arising from increased engagement in the process by establishing an Auditor Panel.

6.0 FINANCIAL IMPLICATIONS

- 6.1 Current external audit fee levels are likely to increase when the current contracts end in 2018. The Council's external audit fee for the audit of the 2015/16 financial statements was £112,752.
- 6.2 Establishing a local or joint Auditor Panel outlined in options 1 and 2 would incur additional costs. These costs would include the cost of recruiting independent appointees, servicing the panel, running a bidding and tender evaluation process, letting the contract, and paying members' fees and allowances.
- 6.3 Opting into the PSAA sector led approach provides maximum opportunity to limit the extent of any increases by entering into a large scale collective procurement arrangement. It would also remove the costs associated with establishing and maintaining an Auditor Panel.

7.0 LEGAL IMPLICATIONS

- 7.1 Section 7 of the Local Audit and Accountability Act 2014 (the Act) requires a relevant authority to appoint a local auditor to audit its accounts for a financial year not later than 31 December in the preceding year. Section 8 governs the procedure for appointment, including that the authority must consult and take account of the advice of its Auditor Panel on the selection and appointment of a local auditor. Section 8 provides that where a relevant authority is a local auditor to audit its accounts is not the responsibility of an executive of the authority under those arrangements.
- 7.2 The Local Audit (Appointing Person) Regulations 2015 require that a principal authority may only make the decision to opt into the appointing person arrangement by the members of the authority meeting as a whole.
- 7.3 If the Board determines to recommend that the Council opts into the PSAA sectorled arrangement formal approval must be sought from full Council.

8.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES

9.0 RISK ANALYSIS

- 9.1 The appointment of a robust external auditor is an important decision as high quality, independent audit is one of the cornerstones of public accountability, providing assurance that taxpayers' money has been well managed and properly expended. It also inspires trust and confidence in the organisations and people responsible for managing public money
- 9.2 Early consideration by the Council of its preferred approach will enable detailed planning to take place so as to achieve successful transition to the new arrangement in a timely and efficient manner.
- 9.3 The recommended option is that the Council opts into the sector led procurement to be undertaken by PSAA. Risk in regard to the appointment of the auditor is to be managed by PSAA only contracting with firms that have a proven track record in undertaking public audit work.

Proposer:	Cllr John Abbott	Jour Astat
Seconder:	Cllr Pauline Sinnott	DIC-NA

Title: SUPPORT FOR WOMEN AGAINST STATE PENSION INEQUALITY

Motion

Council supports the campaign known as Women Against State Pension Inequality (WASPI). It is the view of Council that changes to the state pension age will place many women in Halton at a disadvantage, forcing them to work in some cases many years later than had been expected with little prior notice.

Council resolves that it:

- 1. Supports equalisation of the pension age but the short notice of change and speed of the implementation is likely to have very serious consequences for women in Halton, who had previously planned for an earlier retirement date.
- 2. Supports the aim of WASPI that there should be a fair transition towards equal pension ages, with arrangements being put in place by the government to help those affected by this change, including suitable changes to compensate women.
- 3. Writes to the Secretary of State at the Department of Work and Pensions to express its concern at the unfair implementation of this change in pension rights.
