

Our Petition

Summary of Aim

To reduce congestion on Ditchfield Road at the area of Trewan House Nursing Home by removal of the build out and road cushion. Presently at peak times there is no break in the flow of traffic, making it almost impossible for pedestrians to cross Ditchfield Road and for residents to pull out of their driveways in this area. The build out causes further chaos at the times of funerals and weddings being held at St Michael's church, and it further exacerbated by visitors parking on pedestrian areas forcing pedestrians with prams or walking aids to have to use the road.

To: Halton Borough Council

I petition Halton Borough Council to remove the build out and road cushion from Ditchfield Road at the area of Trewan House Nursing Home and 206 to 204 Ditchfield Road.

(NB: Names have been removed due to Data Protection: 13 Signatures were included on the petition)
