

REPORT TO: Executive Board
DATE: 27 February 2014
REPORTING OFFICER: Strategic Director, Communities
PORTFOLIO: Health & Wellbeing
SUBJECT: Adult Social Care Contracts
WARD(S) Borough-wide

1.0 PURPOSE OF THE REPORT

1.1 To seek approval from Executive Board to extend the current services provided by external providers in the voluntary sector for a one year period to from 1st April 2014 to 31st March 2015, which requires a waiver to Procurement Standing Orders.

2.0 RECOMMENDATION: That Executive Board

- 1) **agree to using Procurement Standing Orders 1.8.3 (d), (e) and (f) to waive Procurement Standing Order 4.1 in respect of voluntary sector contracts with a value not exceeding £173,934, as listed in Appendix 1; and**
- 2) **agree to an extension of existing voluntary sector contracts for a period of up to 1 year from 1st April 2014 to 31st March 2015.**

3.0 SUPPORTING INFORMATION

3.1 The forthcoming statutory duties placed on the authority by the Care Bill 2013, and plans to develop the Better Care Fund have necessitated a review of the Communities Directorate approach to the delivery of prevention and early intervention.

3.2 In Halton, the voluntary sector has played a significant role in delivering prevention and early intervention services, as outlined in the list of contracts in Appendix 1.

3.3 So that the Authority can ensure that it both meets its forthcoming statutory duties under the Care Bill, and that the commissioned services are efficient, effective and meets the needs of the individuals that are using them, it is proposed that those listed services are reviewed.

3.4 The outcome of the review will determine whether any of the current services can be re-designed or that the scale of changes to delivery that are required would necessitate the undertaking of a tender process.

4.0 **BUSINESS CASE FOR EXTENSION OF CONTRACTS**

4.1 **Value for money**

The financial contribution from the council is supported by the contribution from local volunteers and as such the services listed in Appendix 1 provide good value for money. The Council's contribution to all services will be subject to further review in 2014/5.

4.2 **Transparency**

Contracts will be recorded in the Council's Contract Register accessible via the internet together with the publication of all spend in excess of £500.00.

4.3 **Propriety and Scrutiny**

The extension of the contracts referred to in this report will be compliant with Halton Borough Council's Procurement Standing Orders. Compliance with anti-corruption practices will be adhered to and any of the contracts within the subject of this report will be terminated if there is any occurrence of corruption by any organisations or their staff.

4.4 **Accountability**

The contracts will be performance managed and service standards monitored by commissioners and the contracts team.

5.0 **POLICY IMPLICATIONS**

5.1 Under the Care Bill 2013, Local Authorities will take on new functions that will help to improve people's independence and wellbeing. This is to make sure that people who live in their areas:

- Receive services that prevent their care needs from becoming more serious.
- Can get the information they need to make good decisions about care and support.
- Have a good range of providers to choose from.

5.2 On 17th January 2008, the Department of Health issued a Local Authority Circular entitled 'Transforming Social Care'. The circular set out information to support transformation of social care and at the heart of this change is the personalisation agenda. As we develop community provision within prevention services we will need to consider the implications of personalisation for the whole community.

5.3 Equity and Excellence: Liberating the NHS, July 2010, also sets out

plans to radically transform the NHS. This includes development of Clinical Commissioning Groups that means local clinicians having more of a say in how they commission services. This has had a major impact on the voluntary sector as they have had to adapt to a whole new way of working and prepare for commissioning changes in the sector.

- 5.4 Locally, to support these National documents, the Older People's Commissioning Strategy and the Early Intervention and Prevention Strategy identify the need to support Older People to maintain their independence and a high quality of life. The Learning Disability Commissioning Strategy Mid-term review, The Carers Commissioning Strategy and the Joint Commissioning Strategy for People with Physical and/or Sensory Disabilities all outline the current position and needs of different service areas in the borough. These documents look at the need for a range of support services to help people achieve the best outcomes for them including information, transport, advocacy and health promotion.

6.0 **FINANCIAL IMPLICATIONS**

- 6.1 The total financial implication of the contracts listed in Appendix 1 is £569,332. This is funded jointly from the Local Authority and the Clinical Commissioning Group.
- 6.2 The contracts will be reviewed during the course of 2014/15 to ensure that service objectives are in line with the new Health and Wellbeing and Clinical Commissioning Group Priorities and that services continue to provide value for money.
- 6.3 The cost of the recommended extension to contracts can be met within existing budget allocations.
