#### **QUARTERLY MONITORING REPORT**

**DIRECTORATE:** Environment

**SERVICE:** Highways, Transportation & Logistics

PERIOD: Quarter 1 to period end 30<sup>th</sup> June 2008

### 1.0 INTRODUCTION

This quarterly monitoring report covers the Highways, Transportation & Logistics first quarter period up to 30 June 2008. It describes key developments and progress against 'key' milestones and performance indicators for the service.

The way in which traffic light symbols have been used to reflect progress to date is explained in Appendix 4.

It should be noted that this report is presented to a number of Policy and Performance Boards. Those objectives and indicators that are not directly relevant to this Board have been shaded grey.

### 2.0 KEY DEVELOPMENTS

The Mersey Gateway Project Team has now made all the necessary applications for the project. The planning application was submitted in March 08 and the remaining orders and applications were made in May 08. Leaflets were distributed throughout the Borough explaining the scheme and the orders process and public exhibitions took place during June 08. The end of the period for representations is 18<sup>th</sup> July 08.

### 3.0 EMERGING ISSUES

- ➤ A Mersey Gateway Sustainable Transport Strategy 'Gateway to Sustainability' is being developed to enable advantage to be taken of the opportunities offered by the Mersey Gateway Project to deliver step changes in the provision of sustainable transport services within the Borough. A draft strategy will be presented to the July Executive Board seeking approval to undertake a public consultation exercise on the proposals prior to finalisation.
- Two important studies are being undertaken, both of which are looking into the accessibility of services. The first is the Joint Strategic Needs Assessment, which is being carried out to address social cohesion and inclusion issues. The other study being 'The Halton Accessible Transport Study'. The aim of this

- study is to carry out a fundamental review of the provision of accessible transport services within the Borough of Halton.
- ➤ Road construction prices continue to rise and outstrip general inflation. Current term contract costs, which are adjusted by national price indices, are around 10% to 12% higher than this time last year. This is beginning to have a significant impact on the volume of highway maintenance and improvement work that can be undertaken.
- ➤ The current downturn in house building is expected to impact on the Department's budget during 2008/9 through reduced section 38 fee income. The number of new development starts is significantly down on previous years and falling house sales, particularly in the Sandymoor development area, is expected to effect the predicted profile of Section 106 income that has been identified for infrastructure provision and improvement.
- ➤ From 1 April 2009 it is forecast that energy charges for street lighting (including illuminated signs, traffic signals, VMS, CCTV, etc) will rise by 18 %, which equates to an increase of approx. £350,000 on the existing budget. This will need to be addressed in the current budget setting process for 2009/10.

# 4.0 PROGRESS AGAINST OBJECTIVES / MILESTONES

Total 9 0 0 1

Good progress is being made towards objectives/milestones. One "Non" Key milestone has been reported this quarter, re the School Pathfinder Scheme, which has been assigned a red traffic light. For further details, please refer to Appendix 1.

## 5.0 SERVICE REVIEW

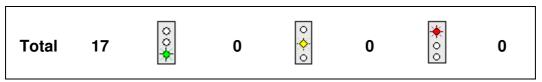

None undertaken.

## 6.0 PROGRESS AGAINST KEY PERFORMANCE INDICATORS

Total 14 0 0 0 0

All "Key" performance indicators are annual figures and will be reported at year end. For further details, please refer to Appendix 2.

# 6.1 PROGRESS AGAINST OTHER PERFORMANCE INDICATORS

No "Other" performance indicators have been reported by exception this quarter.

## 7.0 PROGRESS AGAINST LPSA TARGETS

There are no LPSA targets for this service

# 8.0 RISK CONTROL MEASURES

During the production of the 2008-09 Service Plan, the service was required to undertake a risk assessment of all Key Service Objectives.

Where a Key Service Objective has been assessed and found to have associated 'High' risk, progress against the application of risk treatment measures is to be monitored, and reported in the quarterly monitoring report in quarters 2 and 4.

## 9.0 PROGRESS AGAINST HIGH PRIORITY EQUALITY ACTIONS

During 2007/08 the service was required to undertake an Equality Impact Assessment. Progress against actions identified through that assessment, with associated High priority are to be reported in the quarterly monitoring report in quarters 2 and 4.

### 10.0 APPENDICES

Appendix 1- Progress against Objectives/ Milestones

Appendix 2- Progress against Key Performance Indicators

Appendix 3- Financial Statement

Appendix 4- Explanation of traffic light symbols

| Service<br>Plan<br>Ref. | Objective  | 2008/09 Milestone  | Progress<br>to date | Commentary   |
|-------------------------|--|--|---------------------|--|
| HT 1                    | Mersey Gateway – Complete the procedural processes to achieve all necessary orders for the construction of Mersey Gateway within the timescales required.  | Publish all necessary orders to enable the construction of the Mersey Gateway to proceed in accordance with timescales set. May 2008 | ••                  | Planning and Transport & Works Act applications were submitted by end of May 2008.   |
| HT 3                    | LTP Capital Programme -<br>Deliver the LTP Capital<br>Programmes to ensure<br>that the transport system<br>is maintained and<br>developed to meets local<br>needs  | To deliver the 2008/09 LTP<br>Capital Programme. Mar 2009  | 00★                 | Work is progressing to deliver the 2008/09 LTP Capital Programme by the end of March 2009  |
| HT 4                    | Local Transport Plan 2 –<br>Submit progress reports<br>as required by DfT and<br>monitor progress against<br>the Council's transport<br>objectives to meet<br>statutory requirement and<br>ensure progress is<br>maintained. | Submit Mid Term Review. Jul 2008   | ○○  ★               | A final draft of the LTP2 Mid Term Review was submitted to DfT by 31 July 2008, which will be finalised once Member approval has been given in September 2008. |

| Service<br>Plan<br>Ref. | Objective  | 2008/09 Milestone   | Progress<br>to date | Commentary  |
|-------------------------|--|---|---------------------|---|
| HT 5                    | Silver Jubilee Bridge Maintenance Major Scheme – Secure funding, complete procurement and deliver works to enable the bridge and associated structures to reach a steady state of maintenance. | Funding secured, procurement means established and delivery programme initiated. May 2008.  | oo. <b>∳</b>        | £14.3m has been secured for maintenance works on PRN Bridges between 2009/10 & 2010/11. This includes £13.1m towards maintenance of structures within the SJB Complex. The DfT's decision on the SJB Major Scheme application is still awaited. Procurement of single Bridge Maintenance Partner Contractor is underway. Advance contracts for SJB painting, SJB east elevation cable wrapping and other PRN work either underway or out to tender. |
|                         |  | Review progress, revise SJB maintenance Strategy document and deliver 2008/09 works programme. Mar 2009   | o o <b>♦</b>        | Programme review underway in context of ongoing and imminent advance contracts. Maintenance strategy document to be revisited by year end.  |
| HT 6                    | Vehicle Fleet Replacement Programme - Secure procurement and funding methods and   | Complete first phase of vehicle replacement programme, which involves replacing 45 vehicle & plant items. June 2008   | o o <b>♦</b>        | All first phase vehicle replacements have been ordered. However, due to the volatility of the supply chain some of the fleet items remain in short supply.  |
|                         | deliver new fleet to improve the quality of the service delivery to various stakeholders.  | Complete acquisition method options appraisal for the second phase of the replacement programme, which involves the balance of fleet items due for replacement after Oct 2008 | o o <b>♦</b>        | Funding has been secured for the second phase of the replacement programme.   |
| HT 7                    | Improving the quality and accessibility of public transport services in Halton to encourage the  | Implement School Pathfinder Scheme, which involves widening the range and availability home to education  | <b>*</b><br>○       | The bid for funding was unsuccessful and therefore the initiative is unable to proceed. However, DCSF has been asked for clarification on the future  |

| Service<br>Plan<br>Ref. | Objective   | 2008/09 Milestone  | Progress<br>to date | Commentary                                     |
|-------------------------|---|--|---------------------|--|
|                         | use of sustainable transport and increase its accessibility by vulnerable | and training transport. This is subject to funding being made available in March 2008. Apr |                     | availability of potential alternative funding. |
|                         | groups  | 2008   |                     |  |

NB "Non – Key" Milestones are identified by italic text.

# The following "Key" indicators will be reported at year end:

HTL LI6 - No. of passengers on community based accessible transport

NI 175 - Access to core services and facilities by individuals through public transport, walking and cycling (NB 4 parts)

NI 176 - Percentage of people of working age living within a catchment area of a location with more than 500 jobs by public transport and/or walking

NI 177 - Number of local bus passenger journeys originating in the authority area in one year

HTL LI10 - No. of people killed or seriously injured (KSI) in road traffic collisions. (Previously BVPI 99ai)

HTL LI12 - No. of children (<16) killed or seriously injured (KSI) in road traffic collisions. (Previously 99bi)

HTL LI15 - Condition of Unclassified Roads (% unclassified road network where structural maintenance should be considered). (Previously BVPI 224b)

NI 47 - People Killed and Seriously Injured

NI 48 - Children Killed and Seriously Injured

NI 168 -Percentage of principal road network where structural maintenance should be considered

NI 169 - Non principal roads where maintenance should be considered

NI 178 - Bus service punctuality

Note: NI 167 - Congestion during morning peak times - Advice is currently awaited from the DFT on whether Halton is required to report against this indicator.

# **Comments on the above figures:**

In overall terms revenue spending at the end of quarter 1 is below budget profile. This is due to a number of expenditure budget areas.

Staffing is below budget to date mainly in the Highways Engineers section as a result of staff turnover and vacancies for professional staff being slow to fill. In addition, there are also a number of vacancies within Transportation, resulting from staff leaving and a secondment to another section. There are also reduced costs due to a number of staff being on maternity leave

Other premises is below budget due to the NNDR bills for car parks being lower than budgeted.

Subsidised Bus Routes is below budget due to quarterly charges not yet received from other authorities and Merseytravel. This budget will be fully spent at the financial yearend, as indicated by the actual including commitment figure.

With regards to works budgets – Street Lighting, Highways Maintenance, Bridges and Eastern Relief Road these budgets usually incur expenditure towards the end of the financial year due to the nature of the work undertaken. As a result these budgets will be spent by the financial year-end.

With regards to income, grants and reimbursements is below budget to date due to low fee income from supervision of private sector development. This is a result of the decline in the housing market.

At this stage it is anticipated that overall spend will be in line with the Departmental budget by the financial year-end.

# **Comments**

Overall the service is operating better than anticipated. The cost of fuel is a major concern and will be monitored closely over the coming months.

The traffic light symbols are used in the following manner:

# **Objective**

# **Performance Indicator**

## <u>Green</u>

Indicates that the objective Indicates that the target is on course to within achieved the appropriate timeframe.

be on course to be achieved.

# **Amber**

Indicates that it is unclear Indicates that it is either at this stage, due to a lack unclear at this stage or of information or a key too early to state whether milestone date missed. whether objective will be achieved within the appropriate timeframe.

being the target is on course to the be achieved.

### Red

Indicates that it is highly Indicates that the target likely or certain that the will not be objective will not within achieved appropriate timeframe.

achieved be unless there is an the intervention or remedial action taken.
