# QUARTERLY MONITORING REPORT

**DIRECTORATE:** Environment

SERVICE: Stadium & Hospitality

PERIOD: Quarter 2 to period end 30<sup>th</sup> September 2008

#### 1.0 INTRODUCTION

This quarterly monitoring report covers the Stadium & Hospitality Department second quarter period up to 30 September 2008. It describes key developments and progress against 'key' milestones and performance indicators for the service.

The way in which traffic light symbols have been used to reflect progress to date is explained in Appendix 5.

#### 2.0 KEY DEVELOPMENTS

# **School Meals**

#### **Free School Meals**

Revenues and Benefits initiated a change to the registration process for free school meals earlier this year, which has resulted in anyone claiming Housing Benefit or Council Tax, with eligible children, being automatically registered. This has resulted in an increase of over 500 meals per day and further work will be undertaken to further increase uptake levels. At a recent meeting it was agreed to increase relevant budgets to accommodate.

#### **The Stobart Stadium Halton**

#### **Play Off Match**

An approach was made by Wigan Warriors RLFC to seek permission to stage their play off game against Bradford Bulls at the Stadium, we agreed even though there was only 5 days notice and remedial work had started on the pitch.

The match went ahead and attracted a crowd in excess of 7,400. It was hailed a huge success by both Wigan and the RFL, the Council receiving numerous plaudits for staging the game at such short notice and particular positive comments where made in relation to the quality of the facilities.

Numerous e-mails have been received from Wigan fans thanking us for staging the event. Please see below:-

Dear Sir,

I just wanted to say a heartfelt thank you for allowing Wigan RL and fans to turn the Stobart Stadium into a mini JJB stadium last Friday night. Myself, and my Dad, my sister her partner and my partner thoroughly enjoyed ourselves, and was quite touched that you had allowed Wigan RL to put up all the flags and the other cherry and white touches.

I just wanted to say thanks again, and hope you crack on and get a rightful place in SL in 2012 - you should have been picked for next year before Salford!

#### **H208 Road Show**

Following the popular and successful Halton's Got Talent competition in July an event was held in the Marquee Suite allowing all the competitors to perform again, the event attracted over 200 and all contestants enjoyed the experience.

## **Wedding Fayre**

A Wedding Fayre was held on Monday 29<sup>th</sup> September attracting over 35 exhibitors and over 380 visitors. The Stadium Wedding Fayres are now recognised as the main local Wedding Fayre.

A full data base has been compiled of all the potential Brides and Grooms and contact is being made early October to pursue them to encourage them to book the Stobart Stadium for their Wedding.

Over 20 Weddings are already conformed for 2009, an increase of 21% compared to the same time last year.

#### **Improved Marketing with Widnes Vikings**

Following a number of meetings a joint marketing group has now been formed, this enables better use of mail shots and general advertising, in addition, it also presents a united front to a much larger customer base.

The most recent improvement has been the introduction on the Vikings Website of a dedicated page for the Stadium, advertising the various rooms and suites available on a non-match day. (<a href="www.widnesvikings.co.uk/conferencing">www.widnesvikings.co.uk/conferencing</a>).

## **Christmas Party Nights**

A full range of options has been advertised and a number of nights are already fully booked.

The 70's event in the new Marquee Suite is now fully booked.

The full range of options for Christmas Party Nights can be viewed at the Stadiums web site.

# **Infrastructure Upgrades**

A new fibre optic link enabling faster internet/intranet access has been installed, to be followed by a wireless option for conference bookings.

New fire alarm panels have been fitted that will reduce the number of false calls and provide better information to Fire Officers.

Work will commence in October to improve the PA system in the River and Bridge Suites and Fitness Sports Hall. The new system will improve quality, reliability and reduce overall cost as it will reduce the need to hire equipment for conferences and special events.

#### 3.0 EMERGING ISSUES

# **School Meals**

# Additional Funding bid to the PCT

Obesity has been identified as one of 6 key areas of concern for the PCT, a comprehensive proposal paper has been submitted to the PCT requesting a range of funding options that would both improve the school meals service and as importantly make them more affordable to the residents of the Borough.

A copy of the full report from is available to view from either the Schools Meals Manager or Head of Service.

#### **The Stobart Stadium Halton**

#### **Everton FC Reserves**

Everton FC have approached the Stadium with a view to taking the two-year extension to the existing three-year deal, they also wish to start negotiations on securing a further five-year deal.

#### 4.0 PROGRESS AGAINST MILESTONES/OBJECTIVES

Generally good progress towards objectives/milestones. Hosting of pop concert at the stadium and the expansion of the school smart card system (cashless payments), have encountered delays. For further details please refer to Appendix 1.

#### 5.0 SERVICE REVIEW

## **School Meals**

# **Hospitality Assured**

The School Meals Service was externally assessed on 8<sup>th</sup> and 9<sup>th</sup> October 2007, the criteria used is industry led and the same criteria is used to judge ALL catering services, public and private, only 12 Local Authorities have achieved the accreditation to date. This award is granted on an annual basis, the Assessors are returning to complete this year's assessment on 5<sup>th</sup> and 6<sup>th</sup> November. A full report from the assessors is available to view from either the Schools Meals Manager or Head of Service.

#### **Internal Audit Review**

An internal audit of school meals has been completed and the findings will be presented to MT in the near future. All the recommendations within the report have been actioned.

## **Food Purchasing Contracts**

Due to the substantial increase in food costs we are looking at all food contracts to try and make savings. Halton Borough Council has joined a purchasing organisation called SNUPI (which buys on behalf of Universities, Colleges and some Local Councils).

#### **Civic Catering**

#### **Internal Audit Review**

An internal audit of the Council Coffee Shops has been completed and the findings will be presented to MT in the near future. All the recommendations within the report have been actioned.

#### 6.0 PROGRESS AGAINST KEY PERFORMANCE INDICATORS

Of the seven performance indicators, five show good progress towards targets. One has been awarded a red traffic light (% uptake of school meals in primary schools), however, this disguises a significant increase in the actual number of pupils eating free meals. Data for one indicator, schools achieving The National Healthy School Standard, is not available to be reported this quarter.

#### 6.1 PROGRESS AGAINST OTHER PERFORMANCE INDICATORS

Total 9	8 0 1	<b>o</b>
---------	-------	----------

Good overall progress towards the targets set for "Other" indicators. For further details please refer to Appendix 3.

## 7.0 PROGRESS AGAINST LPSA TARGETS

There are no LPSA targets for this service.

#### 8.0 RISK CONTROL MEASURES

During the production of the 2008-09 Service Plan, the service was required to undertake a risk assessment of all Key Service Objectives.

Where a Key Service Objective has been assessed and found to have associated 'High' risk, progress against the application of risk treatment measures is to be monitored, and reported in the quarterly monitoring report in quarters 2 and 4.

There are no Service Objectives for this service that have has been assessed and found to have associated 'High' risks. Therefore, there is no progress to report.

#### 9.0 PROGRESS AGAINST HIGH PRIORITY EQUALITY ACTIONS

During 2007/08 the service was required to undertake an Equality Impact Assessment. Progress against actions identified through that assessment, with associated High priority are to be reported in the quarterly monitoring report in quarters 2 and 4.

There are no High priority actions for this service; therefore, there is no progress to report.

#### **Comments**

The over-spend on labour is a result of an increase in food preparation time resulting from the new nutritional guidelines and the job evaluation process.

The increase in food costs is a result of the new nutritional guidelines and other economic factors. Sales income targets continue to be a concern.
