

**REPORT TO:** Executive Board

**DATE:** 15 September 2022

**REPORTING OFFICER:** Operational Director – Finance

**PORTFOLIO:** Leader

**SUBJECT:** 2022/23 Spending as at 30 June 2022

**WARD(S):** Borough-wide

## **1.0 PURPOSE OF REPORT**

1.1 To report the Council's overall revenue net spending position as at 30<sup>th</sup> June 2022 together with a forecast outturn position.

## **2.0 RECOMMENDED: That;**

- (i) All spending continues to be limited to only absolutely essential items;**
- (ii) Strategic Directors take urgent action to identify areas where spending could be reduced or suspended for the remainder of the current financial year;**
- (iii) Council be requested to approve the revisions to the Capital Programme as set out in paragraph 3.10.**

## **3.0 SUPPORTING INFORMATION**

### **Revenue Spending**

3.1 Appendix 1 presents a summary of spending against the operational revenue budget up to 30 June 2022 and Appendix 2 provides detailed figures for each individual Department. In overall terms, net Council spending as at 30<sup>th</sup> June 2022 is £1.216m over budget. The outturn forecast for the year estimates that net spend will be over the approved budget by £5.352m. This estimate is based on current service demand and forecasts of future costs and income levels.

3.2 There is currently huge uncertainty regarding both the inflationary impact upon costs and demand pressures upon Council services going forward. The outturn forecast will tend towards a worst case scenario, for example the forecast position assumes the majority of vacant posts will be filled at some point over the next three months and those that remain vacant will contribute towards departments meeting staff turnover saving targets. Each 1% variance in the overall forecast of staffing costs equates to approximately £0.840m.

- 3.3 The forecast assumes no change in current demand for high cost pressure areas such as community care and children's residential placements, however movement in demand for these services can have a significant impact on the outturn position.
- 3.4 The main concern within the budget continues to be social care expenditure, especially within the Children & Families Department. It is estimated spend on in-year staffing costs alone within the Department will exceed what was paid last year by £1.574m, a 14% increase. Another issue for the Department and also for Community Care and the internal Care Homes, is the lack of covid funded grant support in the current financial year. There continue to be legacy costs resulting from covid, but the lack of Government support this financial year has resulted in the financial impact falling upon departmental budgets.
- 3.5 As well as the financial pressure on social care services there are other risks over and above what has been included in the figures which may only become clearer later in the financial year. These include the outcome of the pay award for the current year over and above the 2% included in the budget; price inflation over and above what has been included in the budget; and the steep increases in the cost of utilities. Consumer Price Index (CPI) stood at 10.1% in July 2022 with the Retail Price Index at 12.3%, which are both well in excess of the 2% general inflation growth assumed in the Government Grant Settlement and included within Council's 2022/23 budget.

### **Revenue - Operational Spending**

- 3.6 Operational net spending for the first three months of the year is higher than the budget to date by £1.216m Based on current forecasts it is estimated net spend will be over the approved budget for the year by £5.352m as at 31 March 2023 if no corrective action is taken.
- 3.7 Within the overall budget forecast position for the quarter, the key budget variances are as follows;

(i) **Children and Families Department:-**

The projected outturn forecast is for the Department to overspend by £8.023m against a net budget of £27.901m.

#### Staffing

Staffing costs are £0.327m above budget at the end of quarter 1. Social worker recruitment continues to prove difficult, due to an extremely competitive market and highly inflated rates paid by agencies. Spend on agency staff at the end of quarter 1 was £1.224m or 41% of the employee budget to date. Last year covid grant funding contributed £0.542m towards employee costs, including 60% of the Duty and Assessment Team, however, these costs are now falling on the Children and Families Department budget. There is further pressure from the costs of the Innovate

managed agency support. This was originally allocated £1.000m from reserves, however an additional £0.351m will also be needed from the Children and Families budget in order to cover costs to the end of September 2022.

The final outturn for staffing costs is expected to be £1.309m over budget, with spend forecast to be £1.574m more than it was in 2021/22. It is important to note that agency staffing forecasts have been included up to the end of November 2022, however, should the recruitment of social workers continue to be unsuccessful, there is potential for these costs to increase beyond this point.

### Foster Care

Although considerable work has been undertaken to enable more young people to be fostered in-house and thus reduced reliance on Independent Fostering Agency (IFA) provision, the increasing numbers of children entering care has meant a small increase in children placed within IFA provision. The graphs below illustrate the numbers in placement and the associated costs:

### Residential Care

Out of Borough Residential Care continues to be the main budget pressure for the Children and Families Department as the costs of residential care have continued to rise year-on-year. This budget was given budget growth of £1m for the current year to help alleviate the pressure. However, residential care is £0.889m overspent at the end of quarter 1 with an anticipated outturn of £4.486m over budget at the end of the year. In 2021/22 residential care received Covid grant funding of £0.794m, therefore, the absence of this funding in the current year has further increased pressure on the budget.

The number of Unaccompanied Asylum Seeking Children (UASC) currently placed in care has stabilised since the substantial growth in 2021/22. Home Office funding has been agreed for the vast majority of UASC placed in the Council’s care and is now sufficient to cover placement costs and has thus reduce the pressure in this area.

The table below breaks down the current residential placements based on cost and placement type:

Provision	Weekly Costs	30th June 2022		31st March 22	
		No. Placed	Estimated cost for the year	No. Placed	Estimated cost for the year
Residential	£2000 - £3000	5	680,801	5	680,242
Residential	£3001 - £4000	11	2,289,537	16	2,609,248
Residential	£4001 - £5000	9	2,122,580	13	2,795,770
Residential	£5001 - £10276	17	5,655,116	11	2,506,839
Secure	£6397 - £9675	0	0	4	1,627,186
Leaving Care	£300 - £3487	24	1,939,850	18	2,073,212

Parent & Child	£581 - £2,053	6	642,576	3	191,170
Total:		<b>72</b>	<b>13,330,459</b>	<b>70</b>	<b>12,483,668</b>

(ii) **Adult Social Care Department:-**

Community Care

Community care expenditure is over budget profile at the end of the first quarter by £0.321m and is anticipated to be overspent by circa £1.3m at the end of the financial year. Pressures on the budget continue the theme from the previous financial year, mostly relating to Direct Payments.

The demand for a Direct Payment continues to increase although the rate of increase does appear to have slowed, which may be linked to day services reopening after the pandemic closure. As at the end of May 2022 there are 602 service users in receipt of a direct payment compared with 591 this time last year, which is less than 2% increase. However this budget has for many years experienced great pressure and costs will continue to exceed budget with demand at current levels.

Care Homes

Spend across the Division is over the budget profile by £0.288m for the first quarter. The forecast to the end of the financial year is an estimated outturn net spend position of £0.735m over available budget.

The main issue driving the increased costs relates to the difficulties with recruitment of staff, which has resulted in the use of expensive agency staff and overtime to cover vacancies. A number of recruitment days have now taken place with the hope that a significant number of vacancies will be filled, which will

reduce the reliance on agency staff and overtime by the existing workforce.

(iii) **Corporate and Democracy:-**

To date Corporate and Democracy net spend is £0.928m under the budget to date and it is currently forecast that net spend for the year will be below the approved budget by £4.673m.

Included within the above figures are both general and specific contingency budgets. This includes a contingency for known budget pressures within social care services and recognises that efforts to control and reduce spending within these areas is part of a longer term plan. The amount of forecast contingency utilised by year-end will be in the region of £3.800m.

Interest rate rises by the Bank of England (1.25% - June 2022) has increased the amount of interest which the Council is able to generate from its cash investments. It is currently forecast that by year-end the Council will be able to generate an additional £0.460m in interest receipts than was forecast at budget setting. Further it is currently forecast the value of the Council's £10m investment in Property Funds will increase by £0.140m.

### **Collection Fund**

- 3.8 Council tax collection for the first quarter of the year is 27.41%, down by 0.48% on this point last year. Cash collection for the year to date is £20.3m, this includes £0.7m collected in relation to previous year debt.
- 3.9 Council tax collection has been adversely impacted over the first quarter, as staff have instead had to administer the Government's energy rebate scheme. This has impacted on the volume of recovery action which the team were able to make.
- 3.10 Business rates collection for the first quarter of the year is 30.18%, up by 1.66%% on this point last year. Cash collected for the year to date is £17.9m.

### **Review of Reserves**

- 3.11 As at 31 March 2022 the Council's General Reserve was £5.147m, which represents 4.6% of the Council's total net budget. This is considered to be a reasonable level in order to ensure the Council remains in a financially sustainable position moving forward. Earmarked reserves of £131.872m were held by the Council on 31 March 2022, of which £73.4m relate specifically to the Mersey Gateway. They are not available for general use but regular reviews will identify where funds are no longer required.

### **Capital Spending**

3.12 The Capital Programme has been revised to reflect a number of changes in spending profiles and funding as schemes have developed and these are reflected in the Capital Programme presented in Appendix 3. The schemes which have been revised within the programme are as follows;

- i. Grants – Disabled Facilities
- ii. Stair Lifts
- iii. Joint Funding RSL Adaptations
- iv. ALD Bungalows
- v. Purchase of 2 adapted Properties
- vi. Millbrow Care Home
- vii. Madeline McKenna
- viii. St Lukes
- ix. St Patricks
- x. Care Homes Refurbishment
- xi. Telehealthcare Upgrade
- xii. Open Spaces Schemes
- xiii. Halton Leisure Centre
- xiv. Runcorn Town Park
- xv. Equality Act Improvement Works
- xvi. Property Improvements
- xvii. Integrated Transport
- xviii. EATF Runcorn Busway
- xix. CRSTS Funded Schemes
- xx. Silver Jubilee Bridge - Major Maintenance Scheme
- xxi. MG Land Acquisition
- xxii. MG Handback Land

3.13 Capital spending at 30 June 2022 totalled £5.550m, which represents 116% of the planned spending of £4.772m at this stage. This represents 16% of the total Capital Programme of £33.860m (which assumes a 20% slippage between years).

#### **4.0 CONCLUSIONS**

4.1 As at 30 June 2022, net revenue spend (including the net impact of Covid) is £1.216m over the budget to date.

4.2 The forecast outturn currently estimates that spending will be £5.352m over budget for the year, which would have a severe impact upon the Council's reserves.

4.3 To address day to day operational budget pressures Departments should ensure that all spending continues to be restricted and tightly controlled throughout the year, to ensure that the forecast outturn overspend is minimised as far as possible

## **5.0 POLICY AND OTHER IMPLICATIONS**

5.1 None.

## **6.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES**

6.1 There are no direct implications, however, the revenue budget and capital programme support the delivery and achievement of all the Council's priorities.

## **7.0 RISK ANALYSIS**

7.1 There are a number of financial risks within the budget. However, the Council has internal controls and processes in place to ensure that spending remains in line with budget.

7.2 In preparing the 2022/23 budget, a register of significant financial risks was prepared which has been reviewed and updated as at 30 June 2022.

## **8.0 EQUALITY AND DIVERSITY ISSUES**

8.1 None.

## **9.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1072**

9.1 There are no background papers under the meaning of the Act.

## Summary of Revenue Spending to 30 June 2022
