18					√	I would like to vote for option E! No increase at all. Why is this not an option?? Why are the council insisting on giving us a rise. I don't want a rise. If I or other drivers need more money we can work a few extra hours or an extra day. Why go to the public in these uncertain times?? Its no skin of the councils nose if we don't have an increase.

61			√			I just think another fare increase will not be beneficial for ourselves or customers with the current climate
62				√		
63				√		I am happy to go with the majority if it helps implement an increase
64				√		
65				√		In the future can this be done every other year without forums/quorums and extra votes etc... this should be out of our hands and somehow index linked with the price of fuel and cost of living factor thrown in

71					√	Thank you for the information regarding the tariff increase, personally I would like to have been given another option and that is no increase. I'm not sure how to go about this because the option isn't available but that is how I'd like to register my vote

77		√				
78					√	I would like to thank you for the time and effort you have put into this exercise but have to say I am opposed to any increase whatsoever.

						With the current financial situation I believe it will only add to the inflation problems that currently exist and considering the country is in recession I find it hard to believed many of our most vulnerable customers will be able to afford the increase.

129			√			Despite still having no desire for a rise because it will leave halton licence hackneys at a real disadvantage, epically with the lack of enforcement of rules on ph and other boroughs vehicles picking up in this Borough and even on council ranks and the station I will vote under duress

137				√		With also the reduction of 6 miles to 5 on tariff 1
138		√				
139			√			
140		√				
141				√		On another note I also think the extra tariff 3 on boxing day should be applied to all the proposals
