- 1.0 *Corporate Priorities and Key Areas of Focus.*

1.0 INTRODUCTION

To meet Halton's most pressing needs, the Borough Council has identified [6 key priorities](#), and a number of associated key Areas of Focus, which, as detailed within the Council's Corporate Plan, are: -

- **A Healthy Halton**
- **Halton's Urban Renewal**
- **Halton's Children & Young People**
- **Employment, Learning & Skills in Halton**
- **A Safer Halton**
- **Corporate Effectiveness & Business Efficiency**

Departmental Service Plans form an integral part of the authority's corporate planning framework, as illustrated within the diagram opposite.

This framework ensures that the Council's operational activities are complementary to the delivery of its community aspirations and legal and statutory responsibilities.

Departmental Service Plans are primary documents that communicate:

- The existing and future influences that have informed the shaping of service delivery in the medium term.
- The existing and projected resources that are, or may, be required to deliver services.
- Departmental Service Objectives and Key Milestones that are to be delivered over the next three years.
- Those national and local performance indicators for which the department has a responsibility to report.

Such plans, and the Quarterly Service Plan Monitoring Reports that flow from them, are an essential tool in enabling the public, Elected Members, Senior Management, and staff how well Council departments are performing and what progress is being made in relation to improving the quality of life within the borough and service provision for local people, businesses and service users.

The Strategic Priority and those Areas of Focus that have been most significant in the development of this plan are detailed below: -

Strategic Priority 6:

Corporate Effectiveness and Efficient Service Delivery

Key Area of Focus: 33

Ensuring that we are properly structured organised and fit for purpose and that decision makers are supported through the provision of timely and accurate advice and information.

Key Area Of Focus: 39

Ensuring that human resources are managed and deployed to their best effect and improving the relevance, availability and use of HR information.

Key Area Of Focus: 40

Ensuring that the Council has the right people with the right skills and who are informed and motivated and provided with opportunities for personal development and engagement.

2.0 SERVICE PROFILE

2.1 Purpose

The Department is divided into Legal Services, Committee and Member Services, Human Resources and Organisational Development.

Legal Services

The purpose of the Legal Services Division is to provide a comprehensive legal service, which is relevant to the needs of the Council and its elected members and officers. As an internal support service, it is geared up to assist the other front-line Directorates to fulfil their statutory and service responsibilities efficiently and effectively.

The primary role of Legal Services is:

- To provide a comprehensive legal service
- Through the Operational Director (Legal, Organisational Development and Human Resources and Monitoring Officer) to fulfil the role of Monitoring Officer to the Council, and to ensure that the Council acts both lawfully and ethically.
- To ensure compliance with the law and standing orders to enable front-line services to achieve their own corporate objectives.
- To provide a Local Land Charges Service
- To process and determine applications for various statutory licences including Personal and Premises Licences under the Licensing Act 2003, Hackney Carriage and Private Hire Driver and Vehicle Licences, Lotteries and Street Collections, and those relating to the Gambling Act 2005.

The division mainly provides a support service to the Council and other directorates, although this is subject to our broader role in protecting the best interests of the Council as a whole.

Committee and Member Services

The principal aim of the Committee and Member Services Division is to support the democratic process by servicing the various Boards, Committees, Panels and Working Parties, and by providing support and training for elected members. In supporting the democratic process, the division is also responsible for maintaining the electoral register so that those entitled to vote are able to do so.

The role of Committee and Member Services is:

- To manage and effectively service meetings of the Council
- To respond to the individual and collective needs of elected members.

- To provide various civic services which are in keeping with the dignity and profile of the Council
- To provide a comprehensive word-processing support service and an efficient in-house reprographic support service.
- To provide a collection and distribution service for internal and external mail at the Municipal Building, and to provide a courier service linking the Council's various offices, elected members, and schools.
- To ensure that an accurate Register of Electors is compiled annually and to enable the Returning Officer to conduct all elections.

The division supports the work of the Council as a whole, but its key role is in its support for elected members and in enabling the public to have access to the democratic process. The department ultimately benefits the whole of the local community by providing both support to Elected Members of the Council and also by enabling access to the democratic process by members of the public.

Human Resources and Organisational Development

The Division is a central support service whose main function is to ensure corporate awareness of, and compliance with, the various personnel policies adopted by the Council and employment legislation. On occasions, the department will lead in negotiations with Trade Unions on matters of corporate consequence such as Pay and Grading Reviews. In addition, the department takes the central lead in providing training and development opportunities for elected members and employees.

The principal functions of the Division are

Personnel

- Advising Councillors and management on personnel policy, strategy and procedures.
- Recruitment of staff.
- Pre-employment checks of prospective employees.
- Advice on, and interpretation of, national and local conditions of service and employment related legislation.
- Industrial/Employee Relations.
- Employee Welfare.
- Equality of Opportunity in Employment.

Training

- Management of the Corporate Training Centre.
- Provision of in-house training.
- Commissioning of external training provision

Payroll

- Responsible for payment of salaries & expenses, and Members' allowances

In recruiting and retaining staff, providing the appropriate level of support and training to staff and directorates, and ensuring that employees are equipped with the skills needed to deliver the Council plans and strategies, the Personnel Services function ultimately benefits all members of the community.

2.2 Key messages

Over the last year, the combined Department has become more embedded as a single operation under the Operational Director (Legal, Organisational Development and Human Resources) and Monitoring Officer.

The structures in Legal and Committee and Members Services remain under review.

Considerable work has been carried out in support of the Building Schools for the Future and Mersey Gateway Projects, with the public inquiry for the latter expected to take place at the start of the plan period.

Preparations have been made and training has been delivered to enable members to deal effectively with the new Standards regime, in which complaints are now assessed and determined locally by and large.

In 2008, the Licensing Team again dealt with a significant licensing application for the Creamfields Event. On this occasion, it was a two day event and all involved feel that it was very successful, again giving the Borough a high and positive profile. A further application for a repeat of the Event in 2009 is expected.

Work continues on the programme of work projects arising out of the Government's Pay and Workforce Strategy for Local Government. The five priority themes to be addressed by each Council to ensure continuous improvement in service delivery are:

- Developing leadership capacity
- Developing the skills and capacity of the workforce
- Developing the organisation
- Resourcing, recruitment and retention
- Pay and rewards.

The Department will be considerably occupied in carrying out these projects for the remainder of the plan period.

Job Evaluation Appeals are being determined at the time of writing, and will continue into the early part of the plan period.

Work continues on the implementation of the additional modules of the Council's integrated Human Resources and Payroll Software. Again, this will continue throughout the plan period.

2.3 Organisation Structure

3.0 FACTORS AFFECTING THE SERVICE

3.1 External Factors

Key Developments	Timeframe	Comment(s)
Political		
Changes to the Governance arrangements of the Council	Legislation requires compliance by end of 2010	The Council must now consult upon and determine its governance arrangements, i.e. strong leader and Cabinet or elected Mayor and Cabinet. Legislation requires a resolution in 2010 but a decision is anticipated in 2009.
Pay and Grading Review	2006-2009	Significant resource issue for department in completing this review. Following the implementation of the Job Evaluation outcomes, an appeals process will continue during 2009.
Economic		
Budget pressures/Efficiency gains	2009-2012	The efficiency agenda will be developed throughout the plan period
Social		
Development of work/ life balance initiative	2009/2012	Impacts of flexible working will be fully explored as the plan period progresses.
Legislative		
Local Government & Public Involvement in Health Act 2007	2007 onwards	The details of the latest legislative changes to local government have now been enacted.

Operating Environment		
Partnership Working	April 2009 onwards	It will be important to ensure that the Consortium arrangements with external legal partners and other local authorities are used to maximum advantage in terms of facilitating further joint working, producing more cost effective training for staff etc.
Recruitment and retention of quality staff	2009 - 2012	Requirement to assess ability of Council to recruit and retain quality staff in a competitive "market". Constant review of staff benefits to ensure Council remains competitive.

Environmental	2008 on
<p>13. Protecting our environment</p> <p>Awareness of Climate Change is growing and the Council is committed to taking a lead and setting an example in tackling the associated problems. A corporate Climate Change Action Plan is being prepared, but each department can make its own contribution.</p> <p>Consideration will be given throughout the life of the Service Plan to ways in which support can be given to the action plan and to identify and implement opportunities to reduce any contribution to Climate Change and to promote best practice in the reduction of carbon emissions.</p> <p>The Council joined the Local Authority Carbon Management Programme in the early part of 2007/08. The programme will guide the Council through a systematic analysis of its carbon footprint, outline opportunities to help manage carbon emissions, develop Action Plans for realising carbon and financial savings; and embed carbon management into the authority's day-to-day business.</p> <p>As part of the programme the Council has developed a Carbon Management Strategy and Implementation Plan to reduce energy bills and carbon emissions over the next five years. Through the Strategy and Implementation Plan, Council services will need to encourage closer examination of their policies around procurement, transport and the use of renewable energy.</p>	

3.2 Service Developments

Training continues to be a key area of focus for the Department. Members of staff are currently on the Council's MSC programme and others are undergoing/have completed the Council's ILM programme at various levels. The Department has also continued with its initiative to develop the NVQ in Democratic Services as a key qualification for Committee and Member Services staff.

Building Schools for the Future will present considerable challenges for the Department. Additional resources may be needed if the Department is to be effective in providing support for the delivery of this project.

The public inquiry for the Mersey Gateway project is expected at the start of the plan period.

Legal Services

Legal Services has again been inspected against the Lexcel and ISO quality standards and has once again been successful in maintaining both Lexcel and ISO Accreditations. These standards are constantly evolving, and the processes ensure that the culture of continuous improvement is embedded in Legal Services.

Committee and Member Services

The success of the Council's Member Development initiative has been recognised at National level with the Council winning awards from both the MJ and APSE for its work in this area.

3.3 Efficiency Improvements

The Department is keen to explore joint working initiatives wherever possible to deliver efficiency improvements. In addition to its joint working with Wirral and Liverpool to provide 24-hour legal advice and assistance on Child Protection matters, Legal Services has established a consortium with Sefton, Knowsley and West Lancashire and the private sector Legal firms Cobbetts, DLA and Weightmans. This consortium should result in the more cost effective procurement of external legal services, provide access to additional services (e.g. training) at nil or reduced cost, and open the way to further joint working and efficiency savings between the partner authorities. Warrington and Wirral Councils have joined the consortium in November and December 2007, and the partner firms have delivered training.

Joint working is also an area that is being explored in relation to Committee and Member Services. We currently provide joint training in relation to schools appeals, and we are looking at the possibility of further joint working with neighbouring authorities to deliver efficiencies.

Joint training has been carried out with Warrington on Standards issues.

3.4 National Regional and Sub-regional Focus

Legal and Member Services work in partnership with other authorities, within variety of regional networks, and on a variety of initiatives. One of the key sub regional initiatives at the moment relates to Waste where there are a variety of legal and constitution issues that need to be resolved in order for the Council to be able to work in partnership with the Merseyside Waste Disposal Authority on the procurement of future waste disposal arrangements. The Department is also involved in advising on the constitutional implications of closer working with other Merseyside Authorities as part of the Liverpool City Region agenda.

Halton is a member of the National Joint Council for Local Authorities and also the North West Employers Organisation.

3.5 Equality and Diversity

Halton Council is committed to ensuring equality of opportunity within all aspects of its service delivery, policy development and as an employer. This commitment is reflected in a range of policies, strategies and framework documents that underpin the work of the Council in its day-to-day operation and in the services that it delivers.

This commitment is encapsulated in the equal opportunities policy that the Council has adopted. The policy sets out the Council's approach to promoting equal opportunities; valuing diversity and encouraging fairness and justice; and providing equal chances for everyone in Halton to work, learn and live free from discrimination and victimisation. The Council will combat discrimination throughout the organisation and will use its position of influence in the Borough, wherever possible, to help to identify and overcome discriminatory barriers that may exist.

The whole suite of equalities policies are had regard to throughout the recruitment process, and the Council positively encourages applications from all sectors of the Community. The legal section is committed to advising on effective compliance with all relevant legislation and policies.

Each year Departments undertake Equality Impact Assessments to examine the equality implications of all of their policies, procedures and practices. As a result an Equality Action Plan is developed to identify those issues that demand attention. This forms a contribution to the overall Corporate Equalities Plan.

As a result of such assessments any high priority actions that have been identified, that fall within the life of this plan, are detailed in section 5 -.

3.6 Risk Management

Risk Management, which forms a key element of the strategic management and performance management processes of the Council, is a business discipline that is used to effectively manage potential opportunities and threats to the organisation in achieving its objectives.

Risk assessments are the process by which departments identify those issues that are, or may be, likely to impede the delivery of service objectives. Such risks are categorised and rated in terms of both their probability, i.e. the extent to which they are likely to happen, and their severity i.e. the potential extent of their impact should they occur.

Against each key objective the overall initial and residual risk assessment (before and after the risk control measures have been identified) is shown. The risk mapping exercise scores the potential impact on the key objective (severity) and the likelihood (probability) of the risks happening to arrive at a number. Such numbers are then translated into a Low, Medium or High category.

Risk Score	Overall Level of Risk
1 – 4	LOW
5 – 10	MEDIUM
11 – 16	HIGH

Following such assessments a series of risk treatment measures are identified that will mitigate against such risks having an adverse impact upon the delivery of the departmental objectives.

Mitigation measures for those risks that were initially assessed as high have been included as an Appendix within this plan. As such their implementation will be monitored through the Quarterly Departmental Service Plan Monitoring Report process.

3.7 Unforeseen Developments

Whilst every effort has been made to identify those significant developments that may influence or impact upon the service during the life of this plan the possibility exists that unforeseen developments may occur that need to be considered as and when they arise. Such developments will be detailed and commented upon as appropriate in the sections dealing with key developments or emerging issues within the relevant Service Plan Quarterly Monitoring Reports.

In addition to the normal reporting cycle the service may also report ‘by exception’ to the appropriate Policy and Performance Board when unforeseen developments occur.

Where a more immediate decision is required due to the pressing nature of any unforeseen development, this will be referred to Management Team and the Executive Board for attention. The respective Policy and Performance Boards will be kept informed of any developments of this nature.

All reports to the Policy and Performance Boards, with the exception of Part II items, are publicly available documents and can be accessed through the Council’s website at <http://www2.halton.gov.uk/>

4.0 Resources

4.1 Budget Summary and Service Costs

INFORMATION TO FOLLOW

4.2 Human Resource Requirements

Staffing Structures are currently under review following a merger of the legal and member services and personnel and organisational development functions in 2007, but it is not anticipated that staff numbers will increase during the life of the plan. The structure may need to be further reviewed depending on the various initiatives undertaken by the Council during the life of the Plan e.g. Building Schools for the Future. The following table identifies the number of full-time equivalent posts within each of the Divisions that comprise the department.

Year	Legal	Committee & Member Services	Personnel / OD / Payroll	Total
2009/10	21.7	24.0	41.2	86.9

The slight increase in Personnel follows the establishment of the Job Evaluation Appeals team.

4.3 ICT Requirements

As described within the previous section the recent merger of the payroll and personnel functions may have implications for future ICT requirements, although at this stage these are not possible to determine. However as we move into 2008 this situation will become clearer and the service will respond accordingly.

4.4 Accommodation and Property Requirements

It is not anticipated that the accommodation requirements of the Department will change significantly over the plan period.

As described previously the merger of the payroll and personnel functions may have implications for future property requirements, although at this stage these are not possible to determine. However it is anticipated that no significant additional accommodation space will be required and as we move into 2009 this situation will become clearer and the service will respond accordingly.

5.0 Service Performance

As detailed in the introduction to this plan, the primary purpose of the Service Plan is to provide a clear statement on what individual services are planning to achieve and to show how this contributes towards achieving the corporate priorities of the Council and / or its statutory responsibilities. The service utilises a variety of measures and targets to enable performance against the service plan to be tracked, monitored, and reported. Details of these measures and targets are given below.

Objectives and Key Milestones.

These show the major events in the work of the Department that are planned to take place during 2009–12, such as the launch of new initiatives progress on major projects or the delivery of business critical activity. Objectives and Milestones are clearly linked to the appropriate Key Areas of Focus in the Corporate Plan 2006-11.

National Performance Indicators.

This is a national set of 198 indicators that have been prescribed by Central Government that are intended to measure the extent to which authorities are operating effectively and efficiently and are delivering upon both national and local priorities.

Local Performance Indicators.

These are indicators that have been developed by the Council and any relevant non-statutory indicators that have been adopted from national or other sources.

Local Area Agreement Targets.

The Local Area Agreement (LAA) is a three-year agreement based on Halton's Community Strategy. The second round LAA commenced on 1st April 2008, and included within it are improvement targets for the Borough of Halton to which both the Council and its partners will contribute.

The LAA contains 86 key targets addressing all of the priority issues identified in both the Community Strategy, and the Council's Corporate Plan. Of the 86 key targets, 34 are mandatory and also included are the 12 LPSA targets to which the Council signed up.

Many of the objectives contained within the current service plans are designed to support the achievement of LAA targets. A full version of Halton's LAA can be viewed on the Halton Strategic Partnership Website at [http://www.haltonpartnership.net/site/images/stories//laa_final_\(march_2007\).pdf](http://www.haltonpartnership.net/site/images/stories//laa_final_(march_2007).pdf)

5.1 Service Objectives –

(NB Other than by exception those service objectives and/or Key Milestones shown in *italics* will only be reported at Quarter 2 (half-year) and Quarter 4 (year-end.)

Corporate Priority: 6	Corporate Effectiveness & Business Efficiency
<i>Key Area of Focus: 33</i>	<i>Ensuring that we are properly structured organised and fit for purpose and that decision makers are supported through the provision of timely and accurate advice and information.</i>

Service Objective: LOD O1	To provide a high quality legal service to the Council and its departments to ensure that the Council is able to deliver its services effectively.					
Key Milestone(s) (09/10)	🕒 Secure renewal of Lexcel & ISO Accreditation January 2010					
Key Milestone(s) (10/11)	🕒 Secure renewal of Lexcel & ISO Accreditation January 2011					
Key Milestone(s) (11/12)	🕒 Secure renewal of Lexcel & ISO Accreditation January 2012					
Risk Assessment	Initial	Medium	Responsible Officer	Operational Director & Monitoring Officer	Linked Indicators	Not applicable
	Residual	Low				

Service Objective: LOD O2	To ensure that decision makers are supported through the provision of timely and accurate advice and information and are kept informed of changing legislation and responsibilities.					
Key Milestone(s) (09/10)	🕒 Review Constitution May 2009					
Key Milestone(s) (10/11)	🕒 Review Constitution May 2010					
Key Milestone(s) (11/12)	🕒 Review Constitution May 2011					
Risk Assessment	Initial	Medium	Responsible Officer	Oper Director & Monitoring Officer	Linked Indicators	LOD LI 9, 10
	Residual	Low				

Corporate Priority: 6	Corporate Effectiveness & Business Efficiency
<i>Key Area Of Focus: 40</i>	<i>Ensuring that the Council has the right people with the right skills and who are informed and motivated and provided with opportunities for personal development and engagement.</i>

Service Objective: LOD O3	To provide efficient and effective Democratic Support Services that provides Elected Members, as key decision makers, with the necessary information, support and training opportunities to fulfil their individual potential and management and governance role effectively.					
Key Milestone(s) (09/10)	<ul style="list-style-type: none"> ⌚ To ensure that all members have been given the opportunity of a having a MAP meeting ⌚ To induct all new members – by October 2009 					
Key Milestone(s) (10/11)	<ul style="list-style-type: none"> ⌚ To ensure that all members have been given the opportunity of a having a MAP meeting ⌚ To induct all new members – by October 2010 					
Key Milestone(s) (11/12)	<ul style="list-style-type: none"> ⌚ To ensure that all members have been given the opportunity of a having a MAP meeting ⌚ To induct all new members – by October 2011

5.3 Data Quality

Good quality data provides the foundation for managing and improving services, determining and acting upon shared priorities, and accounting for performance to inspecting bodies and the local community.

In recognising this, the Council has developed a Corporate Data Quality Strategy that will provide a mechanism by which the authority can be assured that the quality of its data remains robust and fit for purpose. This strategy, which will remain subject to periodic review, establishes the key dimensions of good quality data and identifies five Key Corporate Objectives namely;

Objective 1

To provide assurance to all stakeholders that the quality of data used in decision making and in accounting for and reporting the performance of the authority, either directly or through partnership arrangements, is wholly fit for purpose.

Objective 2

That, through a rigorous process of monitoring, review and refinement, the authority's arrangements for securing data quality remain relevant, reliable and robust and that exemplary arrangements for securing data quality are achieved within the medium term

Objective 3

That arrangements for securing data quality are widely shared, communicated and understood by all of those with data quality responsibility and that relevant staff are provided with timely and appropriate guidance and support.

Objective 4

That all departments, partners and agencies that deliver services on behalf of the Council use complete, accurate and verifiable data which is collected and communicated in an effective and timely manner.

Objective 5

That all data used in the calculation of nationally prescribed performance indicators is definition compliant and verifiable and that no such indicators will be amended or qualified as a result of work undertaken by inspecting bodies.

In supporting the delivery of the corporate strategy the department will ensure that appropriate systems and processes are in place to secure the quality of its data and that such systems are subject to periodic and risk based review.

In so doing the department will pay particular attention to the six key dimensions of good quality data i.e. that data is

- **Accurate** For its intended purpose;
- **Valid** By being consistently recorded and used in compliance with predetermined definitions and rules;
- **Reliable** By reflecting stable and consistent data collection processes;
- **Timely** By being made available as soon as possible after the activity or event and in line with organisational requirements;
- **Relevant** For the purpose intended;
- **Complete** In that the monitoring of incomplete, missing or invalid data is avoided.

Such systems include, for example

6.0 Performance Reporting

As detailed in the introduction to this plan, the primary purpose of the Service Plan is to provide a clear statement on what individual services are planning to achieve and to show how this contributes towards achieving the corporate priorities of the Council and or delivering it's statutory responsibilities.

It is imperative that the Council and interested members of the public can keep track of how the Council and its Departments are progressing against objectives and targets, and that mechanisms are in place to enable councillors and managers to see whether the service is performing as planned.

As a result Departmental progress will be monitored through:

- **The day to day monitoring by Strategic Directors through their regular interaction with Operational Directors;**
- **Provision of Quarterly progress reports to Corporate and Directorate Management Teams;**
- **The inclusion of Quarterly Service Plan Monitoring reports as a standard item on the agenda of all the Council's Policy and Performance Boards.**
- **Publication of Quarterly Service Plan monitoring reports on the Councils intranet site.**

In demonstrating it's commitment to exploiting the potential of Information and Communications Technology to improve the accessibility of its services and related information an extensive range of documentation, including this plan and it's associated quarterly monitoring reports, are available via the Council's website at

<http://www2.halton.gov.uk/content/councilanddemocracy/council/plansandstrategies>

Additionally information and assistance can be accessed through any of the Council's Halton Direct Link facilities (HDL) or the Council's libraries.

7.0 Statutory and Non-statutory Plans

INFORMATION TO FOLLOW
