

REPORT TO: Health and Social Care Policy and Performance Board

DATE: 10 February 2026

REPORTING OFFICER: Finance Director

PORTFOLIO: Corporate Services

SUBJECT: Councilwide Spending as at 30 November 2025

WARD(S): Borough-wide

1.0 PURPOSE OF REPORT

- 1.1 To report the Council's overall revenue spending position as at 30 November 2025, together with the latest year-end outturn forecast.

2.0 RECOMMENDED: That;

- (i) **The Council's overall spending position as at 30 November 2025 outlined in the Appendix, be noted.**

3.0 SUPPORTING INFORMATION

- 3.1 On 15 January 2026 the Executive Board received the report shown in the Appendix. This presented details of Councilwide revenue spending by each Department as at 30 November 2025 along with forecasts to year-end, and outlines the reasons for key variances between spending and budget.
- 3.2 Given the scale of the Council's current financial challenges, Executive Board requested that a copy of the report be shared with each Policy and Performance Board for information.
- 3.3 A Councilwide monitoring report is presented to Executive Board every two months and the attached report covers the period 1 April 2024 to 30 November 2025 in terms of revenue and capital spending.
- 3.4 Within the report, Appendix 1 provides a Councilwide summary of revenue spending, while Appendix 2 presents details relating to each Department. In addition to spending as at 30 November 2025, the latest year-end forecasts of variances between revenue spending and budget are provided.
- 3.5 Appendix 3 outlines the forecast deficit on the schools high needs budget.
- 3.6 Appendix 4 indicates progress with implementation of previously approved budget savings for 2024/25 and 2025/26. Appendix 4 presents an update of the budget risk register.
- 3.7 Appendix 5 presents spending to date against the capital programme.

4.0 POLICY IMPLICATIONS

4.1 None.

5.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES

5.1 **Improving Health, Promoting Wellbeing and Supporting Greater Independence**

5.2 **Building a Strong, Sustainable Local Economy**

5.3 **Supporting Children, Young People and Families**

5.4 **Tackling Inequality and Helping Those Who Are Most In Need**

5.5 **Working Towards a Greener Future**

5.6 **Valuing and Appreciating Halton and Our Community**

There are no direct implications, however, the revenue budget and capital programme support the delivery and achievement of all the Council's priorities.

6.0 RISK ANALYSIS

6.1 There are a number of financial risks within the budget. However, the Council has internal controls and processes in place to ensure that spending remains in line with budget as far as possible.

6.2 A budget risk register of significant financial risks is maintained and is included at Appendix 6 of the attached report.

7.0 EQUALITY AND DIVERSITY ISSUES

7.1 None.

8.0 CLIMATE CHANGE IMPLICATIONS

8.1 None

9.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1072

9.1 There are no background papers under the meaning of the Act

REPORT TO: Executive Board

DATE: 15 January 2026

REPORTING OFFICER: Director of Finance

PORTFOLIO: Corporate Services

SUBJECT: 2025/26 Councilwide Spending as at 30 November 2025

WARD(S): Borough-wide

1.0 PURPOSE OF REPORT

- 1.2 To report the Council's overall revenue net spend position as at 30 November 2025 together with a 2025/26 forecast outturn position.

3.0 RECOMMENDED: That;

- (ii) Executive Directors continue to implement the approved 2025/26 saving proposals as detailed in Appendix 4;
- (iii) Executive Directors continue to identify areas where they can further reduce their directorate's spending or generate income, in order to ensure the council wide forecast outturn overspend position for the year remains within budget.
- (iv) This report be shared with each Policy and Performance Board, in order to ensure they have a full appreciation of the councilwide financial position, in addition to their specific areas of responsibility.
- (v) Council be asked to approve the revisions to the capital programme set-out in paragraph 3.31 and incorporated within Appendix 5;
- (vi) The forecast position for High Needs set-out in Para 3.19 to 3.24 and Appendix 3, be noted.

3.0 SUPPORTING INFORMATION

Revenue Spending

- 3.1 Appendix 1 presents a summary of spending against the operational revenue budget up to 30 November 2025 (period 8) and Appendix 2 provides detailed figures for each individual Department. In overall terms, net Council spending as at 30 November 2025 is £0.294m over budget. The outturn forecast for the year estimates that net spending will be over

budget by £1.281m if no further corrective action is taken. This is a much improved position from that reported at the end of September 2025 (period 6) where forecast spend for the year was estimated to be £4.672m over budget.

3.2 The improved position on the forecast outturn from that reported at the end of September 2025 can be linked across a number of areas, including:

- Adult Social Care Directorate – The forecast outturn position for Community Care is £0.683m at the end of November, compared to a forecast outturn of £2.315m from two months prior. The position has improved due to more flexible utilisation of the Disabled Facility Grant (DFG) through the capitalisation of qualifying staffing and equipment costs against the grant, which it is intended to continue for future years.
- Care Homes - The overspending forecast against the Council's in-house care homes has decreased by a further £0.218m as a result of a lower forecast of agency spend, stemming from the ongoing review of sickness absence. Overall the Adult Social Care forecast outturn position has improved by £1.723m.
- Children and Families Department – The outturn position for the Department has improved by £1.601m. Employee costs are forecast to be under budget profile by the end of financial year 2025/26 by £0.096m which is a reduction of £0.822m since last reported at 30 September 25. Residential care costs are forecast to be under budget profile by £0.513m which is a reduction of £0.571m since last reported on 30 September 25.
- Environment and Regeneration Directorate – The forecast outturn position for the Directorate has improved by £1.006m. This is largely as a result of revised forecasts of income generation within the Planning and Transportation department, related to planning fees and the number of approved utility permit applications.

3.3 Despite the reduction in forecast net costs for the year it remains vital the Council continue to limit expenditure through to the end of the financial year to achieve as a minimum, a balanced budget position. It should be remembered that in setting the current year budget the Council have planned to utilise £29.385m of Exceptional Financial Support.

3.4 As part of the action to ensure spend for the year remains within budget, recovery meetings have been put into action where directorate leads will provide action points on how they aim to keep net spend within the approved budget.

- 3.5 On 10 February 2025 Government issued a letter to the Council confirming it was minded to approve a capitalisation direction of a total not exceeding £52.8 million. The total is broken down by each financial year of the Council's request:
- £20.8 million in 2024-25.
 - £32 million in 2025-26.
- 3.6 Consistent with those councils that have previously sought Exceptional Financial Support, in order for Government to provide a final capitalisation direction, the council is required to undergo an external assurance review which will include, but will not be limited to, an assessment of the council's financial position and governance arrangements. There is uncertainty in when MHCLG will commission this review and therefore the Council has taken a proactive approach and commissioned CIPFA to support a review of the Council's financial resilience and financial management arrangements. The review is currently being undertaken on the same basis of the latest specification for such reviews required by MHCLG for councils requesting EFS.
- 3.7 Council approved the annual budget of £183.052m on 05 March 2025, in doing so they agreed to the use of EFS totalling £29.385m. As a minimum the Council must ensure that spend for the year remains within the approved budget to ensure the provisional capitalisation direction is not breached.
- 3.8 The cost of EFS is significant over the long term for the Council, for every £1m borrowing undertaken it is estimated will cost the Council approximately £100k over each of the next 20 years. It is imperative action is taken now to reduce the level of planned spend over the remainder of the year and that approved saving proposals are implemented with immediate effect.
- 3.9 Within the Corporate and Democracy table (included at Appendix B), current year costs relating to EFS have been included. It is forecast the cost of EFS interest will be £1.096m with repayment of the principal debt totalling £0.500m
- 3.10 The figures reflect a prudent yet realistic view of spend and income levels through to the end of the year. Work will continue to progress on updating the financial position as more information is made available.
- 3.11 In setting the 2025/26 budget Council approved significant levels of growth to ensure the budget was more relevant to the planned level of spend. Budget growth of £33.555m (22%) was added to the 2025/26 budget to bring the approved net budget to £183.052m.
- 3.12 There are continued demand pressures on the budget which are above growth levels provided in the 2025/26 budget, these are more notable against adults community care and home to school transport. Levels of demand covering children in care appear to be under control, although still

too high for an authority the size of Halton. Further information is provided within the report on the main budgetary pressure areas.

- 3.13 In setting the 2025/26 budget, inflation of 2% was provided for the pay award. The pay award has been agreed at 3.2%, therefore budgetary growth for the pay award is insufficient, the revised forecast of the additional cost of the 3.2% pay offer will add approximately £1.2m to the Council's running cost for the year. This additional cost is included within the reported forecast position for the year.
- 3.14 Another major factor in achieving a balanced budget position for the year is that all approved savings are fully achieved to the agreed levels. In total, savings of £7.225m were agreed for the current year, Appendix 4 provides detail on progress against the approved savings. As per Appendix 4, savings have been RAG rated to inform on progress, high level summary of this is provided below.

Department	On-course to be achieved	Uncertain or too early to say	Highly likely or certain will not be achieved

Totals	533	2,125	4,667

*note alternative one-off savings have been identified for the current year.

- 3.15 The use and cost of agency staff continues to be one of the main contributing factors to the overspend position for the year. This is mostly evident within the Children & Families Department and the Council's in-house Care Homes. Initiatives and support from the Transformation Programme are ongoing to reduce reliance upon agency staff.

- 3.16 Analysis of agency spend for the year to date, together with comparative analysis of 2024/25 costs, is included in the table below.

Revenue - Operational Spending

- 3.17 Operational net spending for the first eight months of the year is higher than the budget to date by £0.294m Based on current forecasts it is estimated net spend will be over budget for the year by £1.281m if no further corrective action is taken.
- 3.18 Within the overall budget forecast position for the period, the key budget pressure areas are as follows;

(i) Children and Families Department

The net departmental outturn position is estimated to be over budget profile at the end of financial year 2025/26 by £0.209m with the majority relating to Social Care Services. Since last reported at 30 September 25 there has been a reduction in forecast outturn for the department of £1.6m.

Employee costs are forecast to be under budget profile by the end of financial year 2025/26 by £0.096m which is a reduction of £0.822m since last reported at 30 September 25.

A large proportion of the reduction relates to the utilisation of a number of grants that are available to the service, this equates to £0.486m to 30 November 2025 and has supported the reduction in forecast overspend.

Since last reported on 30 September 25, a number of agency have converted to Council employment, with hopeful further planned conversions over the coming months. Forecasts will be updated as and when to reflect the changes in staffing.

The chart below demonstrates the following information, for the period April to November 2025:

- Agency costs
- The number of agency staff that the Council have received an invoice for within each month
- The number of vacancies across the Children and Families Department
- The number of staff that are currently in addition to the establishment (IATE)

In-House fostering placements are estimated to be £0.548m under budget profile for financial year 2025/26.

Work continues to recruit and retain Halton's In-house foster carers, along with training to develop carers enabling them to accommodate more specialist placements. This therefore means that costs could increase. However, the ability to accommodate young people within in-house provision provides a substantial saving in comparison to Independent Fostering Agency (IFA) or residential care.

Increasing numbers of children in care and insufficient in-house fostering provision has meant increased reliance on Independent Fostering Agencies (IFA). Higher numbers of children placed within IFA provision and increased IFA rates has resulted in an estimated forecast overspend for the end of 2025/26 of £1.114m.

Out of Borough Residential Care continues to be a budget pressure for the Children and Families Department as the costs of residential care have continued to rise year on year. The numbers of young people in residential placements remains high and the cost of placements is rising significantly year-on-year.

Residential care costs are forecast to be under budget profile by £0.513m which is a reduction of £0.571m since last reported on 30 September 25.

A number of initiatives are taking place to help reduce residential spend, including a High Cost Placement Panel, Medium Cost Placement Panel and particular cohort focused projects. The panels have been created to ensure that an effective care plan is in place for all young people at the best available cost of placement this work is ongoing.

The graph below illustrates the rising costs of residential care, for consistency this does not include the costs of Unaccompanied Asylum-Seeking Children (UASC) as these costs were not included previous years.

(ii) Adult Social Care Directorate

Community Care

The net spend position for the community care budget at the end of November 2025 is currently £0.411m over the available budget and the year-end anticipated spend is forecast to be £0.683m over planned budget.

In September the expected year-end forecast was reduced from £2.627m to £2.315m due to the impact of the recovery plan. The forecast has since been reduced further to £0.683m by capitalising qualifying staffing and equipment costs against the Disabled Facility Grant (DFG) enabling revenue budget to be utilised against community care budget pressures. Additionally the pool budget has released £0.400m toward this budget's financial performance.

Recovery meetings continue and currently focus is on the following areas to try to reduce spend further:-

- Review 1 to 1 packages of care for appropriateness
- Identify and signpost new 15 minute packages of domiciliary care (medicine prompts) which should be commissioned and funded by health under the Care Act.
- Ensure assessments carried out on discharge from hospital are complete and appropriate
- Maximise internal care home capacity

Residential Care

There are currently 570 residents in external residential/nursing care as at the end of November 2025. Compared to the 2024/25 average of 520 this is an increase of 9.6%. The average cost of a package of care is currently £949.76 compared to £850.24 at the end of 2024/25 an increase of 11.7%.

The graph below illustrates the demand for all residential and nursing placements.

Payments for 1 to 1 support continue to exert pressure on the budget. These are generally to mitigate the risk from falls particularly on discharge from hospital. The full year cost for 2024/25 was £837,882.

The graph below shows the count of service users receiving 1 to 1 care by period. Currently there are 18 compared to 13 at the same point last year. This is an increase of 38%. It is expected that these should reduce as packages continue to be reviewed, however commissioning of new packages with a 1:1 care element are resulting in numbers remaining high.

Additional Payments 2025/26

Additional payments to providers rose sharply throughout the last financial year, both in and out of the borough. These are where the care home charges an additional amount on top of the contracted bed rate. The cost of this for 2024/25 was £0.424m.

The graphs below illustrate the count and spend of service users with an additional payment by period.

This clearly shows a steady increase in numbers and costs for 2025/26, the spend up to November is £0.405m. If numbers and costs remain the same, the forecast spend for the year will be approximately £0.696m.

Domiciliary Care & Supported Living

As at November there are 780 service users receiving a package of care at home, compared to the average in 2024/25 of 754, an increase of 3.4%. The average cost of a package of care is currently £537.15 compared with the average of £450.64 in 2024/25 an increase of 19.19%.

The graph below illustrates the demand for the service from April 2024 to November 2025.

Direct Payments

The average number of clients who received a Direct Payment (DP) in November was 621 compared with 622 in April, a small decrease. The average cost of a package of care has also decreased from £571.26 to £491.76, a reduction of 13.9%. The financial impact of this is a reduction in spend of approximately £200k per month.

The graph below shows movement throughout the year.

Care Homes

Spend for the first nine months of the 2025/26 Financial Year to 30 November is £0.084M above profile, with an estimated spend above budget for the year of £0.385M. This primarily relates to unbudgeted agency staffing costs, and a current shortfall against target of client finance and out of borough income.

Employee related expenditure is anticipated to be above budget at the end of financial year by £0.152M. Projections take into account agency spending patterns over the previous 3 financial years, but also with reference to the recent decrease in agency expenditure, this has dropped considerably from previously reported as a result of the ongoing review of sickness absence.

Income Targets include those for privately funded residents, out of borough placements, and reimbursements from the ICB in respect Of Continuing Health Care, Funded Nursing Care, and Joint Funded placements. Income across all headings is currently projected to be under-achieved by £0.131M for the full year.

Adult Social Care (excluding Care Homes and Community Care)

Net Department Expenditure is currently £0.609m over budget profile at the end of the sixth period of the financial year. Current expenditure projections indicate an overspend for the full financial year in the region of £0.768m.

Factors relating to the projected overspend include;

Unbudgeted agency costs in respect of covering vacant posts, particularly in terms of front line Care Management and Mental Health Team posts. However, there continues to be a reduction in agency use across these divisions due to filling of vacancies.

A projected £0.199m forecasted full-year spend above supplies and services budget relates to an increased volume of caseload with respect to Deprivation of Liberty Standards (DoLs) assessments. Spend to November 2025 was £0.132m, with a total spend for this financial year forecast at £0.217m. Demand for this service has increased significantly over the last few years, with this trend continuing throughout the current financial year.

Income as a whole is under the budgeted income target by £0.627m with a projected under achieved target at the end of the financial year being £0.668m. The main areas making up the under achievement of targeted income are Community Meals, Telehealthcare, Transport, Positive Behaviour Service and the Day Services Trading areas.

(iii) Education, Inclusion and Provision

Net departmental expenditure is £0.593m over budget at the end of November, based on available information. The forecast outturn for 2025/26 is currently an overspend against budget of £1.034m. The main variances are school transport, Inter Authority Income and schools SLA income.

Schools Transport is the main budgetary demand pressure for Education, Inclusion and Provision. The Council has a statutory responsibility to provide Special Educational Needs (SEN) pupils with transport. This is split into two main areas of SEN pupils attending In Borough and out of Borough Schools.

The current records show 647 service users, the majority of which attend schools within the Borough. The Out of Borough overspend has decreased compared to the previous year's overspend of £0.799m due to £0.712m added to the budget in 2025/26 for growth. The demand for the School Transport service has increased by roughly 7% since the last report, for both in and out of borough transport, although average cost per user has reduced by 6%. The graphs below show the number of SEN children using this service.

The graphs below show the trend in the number of SEN children using this service and the associated costs.

(iv) Planning and Transportation

As of 30th November 2025 it is forecast net spend will be £1.390m under the approved 2025/26 budget. This is a significant increase of the underspend of £0.364m forecasted at the end of September 2025. This is largely due to revised forecasts around staffing and income.

There are a large number of vacancies across the department that have not yet been filled. The Highways restructure has been taken out of the projections from the last report to now, as it is unlikely that it will be in place before March 26. This has resulted in a forecast staffing underspend of £0.487m

Overall, it is forecast income for the department will be £1.050m over the budgeted income target.

Planning income is an ever-moving area and unlike earlier reports it is now expected to be over its income target. Following on from the 2024/25 financial year there is a downturn in the number of applications being received so there is some reliance on receiving planning applications from housing developers. This forecast is based on the income that has been received so far, this financial year and what is likely to be achieved going forward. Building control income is projected to not achieve its income target as in previous years.

Fees and charges income is projected to overachieve its income target, but this is constantly in flux as it is fully dependent on the amount of permit applications etc that is received. It is anticipated that the high level of permit income that was seen in previous years will eventually drop off but for now has been consistent for the past 8 months, due to the large number of housing developers requiring permission to install utilities. There are a number of reasons for the current over achievement of permit income, including:

- The number of permits being received has been higher than usual due to several companies carrying out fibre roll outs and upgrades. This seems to be coming to an end and the number of permits relating to fibre are most likely to severely decrease for the remainder of the year.
- As a result of the increased amount of works, this also increases potential for FPNs, S74 charges and defect charges to be issued against permits. As the number of works decreases, so will the associated charges.
- There is higher than usual income associated to traffic management due to the amount of works taking place since April.
- There are more inspections now than in previous years, which has increased income.

Dedicated Schools Grant

- 3.19 As at 31 March 2025 the Council had a deficit on the Dedicated Schools Grant (DSG) reserve of £14.469m. This is as an impact of the increasing demand and costs of High Needs.
- 3.20 The DSG deficit currently has no impact on the Council's General Fund as Government have in place an override which allows the Council to carry the deficit on its balance sheet. The override is due to end at 31 March 2028 at which point the accrued DSG deficit will have to be funded from Council resources. This is a significant pressure for a large number of local authorities with Government due to report on plans to mitigate the impact at 31 March 2028 and future funding of High Need demands.
- 3.21 Forecast 2025/26 costs for all anticipated demands on High Needs funding are estimated to be £42.508m, which is a substantial amount in excess of the budgeted High Needs allocation of £29.760m. After applying a 2% across-the-board increase to High Needs funding rates, the Council began

the financial year anticipating a DSG shortfall of £9.4m, the first 8 months of 2025-26 have seen that increase by £3.35m.

- 3.22 The projected overspend is in the main due to significant expansions in numbers and specifications of resource bases, increasing numbers and costs of high-cost specialist placements in or out of Borough, and increases in numbers and value of EHCP (Education & Health Care Plan) assessments.
- 3.23 There is a cost to the General Fund in managing the DSG deficit, this relates to the cashflow impact of a deficit position. The deficit position results in more borrowing costs for the Council which can not be allocated against DSG and therefore are coded against the General Fund. Interest costs in the current year are estimated at £0.891m
- 3.24 Appendix 3 provides detail on the High Needs 2025/26 forecast outturn position

Collection Fund

- 3.25 The council tax collection rate through to the end of November 2025 is 71.34% which is 0.09% lower than the collection rate at the same point last year.

Debt relating to previous years continues to be collected, and the Council utilises powers through charging orders and attachment to earnings/benefits to secure debts. £1.992m has so far been collected this year in relation to previous years' debt.

- 3.26 Business rate collection through to the end of November 2025 is 75.01% which is 1.02% lower than the collection rate at the same point last year.

£0.945m has so far been collected this year in relation to previous years' debt.

Review of Reserves

- 3.27 As at 30 November 2025 the Council's General Reserve is unchanged from the previous period at £5.149m, which represents 2.81% of the Council's 2025/26 net budget. This level of General Reserve is considered to be insufficient and provides little to cover unforeseen costs. Within the Medium Term Financial Strategy, growth to reserves will be included at a rate of £2m per year.
- 3.28 There is a regular review of earmarked reserves undertaken to determine whether they can be released in part or in full to assist with funding the Council's current financial challenges, recognising that this only provides one-year funding solutions.

Reserves Summary

3.29 A summary breakdown of the Council's reserves is presented in the table below, showing the balance of reserves as at 30 November 2025.

Summary of General and Earmarked Reserves	
Reserve	Reserve Value
	£m
Corporate:	
General Fund	5.149
Capital Reserve	0.398
Insurance Reserve	0.849
Specific Projects:	
Adult Social Care	0.711
Fleet Replacement	0.454
Highways Feasibility Costs	0.102
Local Development Framework	0.544
Community & Environment	0.542
Mersey Valley Golf Club	0.480
Mersey Gateway	33.542
CCLA Property Fund	0.263
Various Other	0.159
Grants:	
Building Schools for the Future	6.529
Public Health	1.147
Supporting Families Performance Payments	0.204
Children's & Education	1.257
Domestic Abuse	0.915
Enterprise & Employment	0.777
Food Waste Collection	0.237
Mersey Gateway Environmental Trust	0.492
Various Other	0.154
Total Earmarked Reserves	54.903

3.30 The above table shows the diminishing level of reserves available to assist with funding any future budget overspends and balancing future budgets. Only the £5.149m of the General Fund could now be used for these purposes, as all remaining reserves are committed for specific purposes.

Capital Spending

3.31 Council approved the 2025/26 Capital Programme on 5 March 2025. Since then the capital programme has been revised to reflect a number of changes in spending profiles and funding as schemes have developed. Appendix 5 brings all the separate elements together and report on the Council's total planned capital programme expenditure. The schemes which have been revised within the programme are as follows:

- i. Sci-tech Daresbury Project Violet
- ii. Astmoor Masterplan
- iii. Sci-tech Daresbury – CPO
- iv. Runcorn Town Centre Management
- v. Widnes Town Centre Framework
- vi. East Runcorn Connectivity
- vii. Mersey Gateway Crossings Board

3.32 Capital spending at 30 November 2025 totalled £28.258m, which represents 53% of the total Capital Programme of £53.064m (which assumes a 20% slippage between years).

3.33 Capital receipts available to fund the programme are expected to be fully utilised by the end of the financial year. If planned use of receipts is to allocation there is risk to £0.375 of these costs falling on the General Fund position. Provision has been included within Corporate and Democracy to cover the event of this happening.

4.0 CONCLUSIONS

4.1 As at 30 November 2025, net revenue spend is forecast to be £1.281m over the budget to date despite significant levels of growth being included within the budget.

4.2 Urgent corrective should be taken as soon as possible across all Council services to identify spend reductions and ensure that agreed savings are fully implemented in a timely manner.

4.3 Departments should ensure that all spending continues to be limited to what is absolutely essential throughout the remainder of the year, to ensure that the forecast outturn overspend is minimised as far as possible and future spending is brought in line with budget.

5.0 POLICY AND OTHER IMPLICATIONS

5.1 None.

6.0 IMPLICATIONS FOR THE COUNCIL'S PRIORITIES

6.1 Improving Health, Promoting Wellbeing and Supporting Greater Independence

6.2 Building a Strong, Sustainable Local Economy

6.3 Supporting Children, Young People and Families

6.4 Tackling Inequality and Helping Those Who Are Most In Need

6.5 Working Towards a Greener Future

6.6 Valuing and Appreciating Halton and Our Community

There are no direct implications, however, the revenue budget and capital programme support the delivery and achievement of all the Council's priorities above.

7.0 RISK ANALYSIS

7.1 There are a number of financial risks within the budget. The Council has internal controls and processes in place to ensure that spending remains in line with budget as far as possible.

7.2 A budget risk register of significant financial risks has been prepared and is included at Appendix 6.

8.0 EQUALITY AND DIVERSITY ISSUES

8.1 None.

9.0 CLIMATE CHANGE IMPLICATIONS

9.1 None

10.0 LIST OF BACKGROUND PAPERS UNDER SECTION 100D OF THE LOCAL GOVERNMENT ACT 1072

10.1 There are no background papers under the meaning of the Act

Adult Social Care

Service Area	Net Budget £'000	Description of Saving Proposal	Savings Value		Current Progress	Comments
			25/26 Agreed Council 01 February 2023 £'000	25/26 Agreed Council 05 March 2025 £'000		
Housing Solutions	474	Remodel the current service based on good practice evidence from other areas.	125	0		Currently Under Review
Voluntary Sector Support	N/A	Review the support provided by Adult Social Care and all other Council Departments, to voluntary sector organisations. This would include assisting them to secure alternative funding in order to reduce their dependence upon Council funding. A target saving phased over two years has been estimated.	100	0		Achieved
Community Wardens/Telecare Service		Community Wardens/Telecare Service – a review will be undertaken of the various options available for the future delivery of these services, with support from the Transformation Delivery Unit.	0	280		Unlikely to be achieved – currently forecast overspend position. However, these services are currently being reviewed as part of the transformation programme.

Care Management Community Care Budget		Community Care – continuation of the work being undertaken to review care provided through the Community Care budget, in order to reduce the current overspend and ongoing costs.	0	1,000		Unlikely to be achieved to be achieved on a longer term basis. Interim measures in place to support the current year position includes use of surplus capital grants. While the current overspend is being reduced significantly, it is unlikely the required budget reduction will be achieved by year-end.
Various		Review of Service Delivery Options – reviews will be undertaken of the various service delivery options available for a number of areas including; Day Services, Halton Supported Housing Network, In-House Care Homes, Reablement Service and Oak Meadow.	0	375		Unlikely to be achieved by financial year-end.

			25/26 Agreed Council 01 February 2023 £'000	25/26 Agreed Council 05 March 2025 £'000		
Internal Audit	300	Restructure in light of potential retirements over the next two years within the Internal Audit Team.	50	0		It appears unlikely that the proposed £50k budget saving will be fully realised this year, if at all
Council Tax	84	Increase the charges applied when a court summons is issued by 30% (£23), to achieve full cost recovery over the three year period.	40	0		Look to increase costs in 2026/27 but this is pending a Government consultation on council tax of which summons charges are being reviewed.
Debt Management		Debt Management – undertake a review of debt management policies and procedures, in order to implement a more robust approach to debt management and debt recovery, considering options such as seeking payment in advance wherever possible, to improve cashflow and reduce the risk of non-recovery.	0	100		Currently part of workstream being undertaken by the Transformation Programme.

			25/26 Agreed Council 01 February 2023 £'000	25/26 Agreed Council 05 March 2025 £'000		
Children's Centres	1,293	Review the operation of Windmill Hill Children's Centre, where there is the potential to save on premises and staffing costs.	22	0		With the implementation of the family hubs the review of windmill hill will no longer be viable. The centre is located in an area of deprivation and the role of the centre as a family hub is a priority in the children's social care review and supporting families at an earlier level, improving access to services for the most vulnerable and ensure a positive start for all children. These priorities fit with the council priorities
Children's Residential Care		Residential Placements – continuation of the work being undertaken to review residential placements, especially high cost placements, and identify opportunities to step-down placements or find alternatives, in order to reduce the current overspend and ongoing costs.	0	1,500		<p>Whilst residential placement cost is currently forecast to be within budget, uncertainty continues on the saving being achieved given the risk of children entering into care during the remainder of the financial year.</p> <p>Residential placements were all reviewed in early 2024 with some reduction in costs established. As part of the longer term plan included in the sufficiency strategy, Halton has</p>

						partnered with a not for profit organisation, Juno, who are awaiting registration from OFSTED - this approach is part of the LCR approach working with NFP organisations. In addition significant changes have been made to reduce the numbers of children coming into care. Mocking bird constellation is in place and evidenced support has resulted in appropriate transition so the need for residential is mitigated. A property has been identified for care leavers and further properties identified for additional semi-independent provisions. Juno will focus on their second home after July
Fostering		Independent Fostering Agencies and Out of Borough Fostering – continuation of the work being undertaken to review placements, to increase use of In-Borough foster carers wherever possible and thereby reduce costs, in order to reduce the current overspend and ongoing costs.	0	200		Recruitment campaign has been launched to attract in house foster carers so Council reliance on IFA's is reduced. Unfortunately there is a national shortage of foster carers and as a result the reliance on IFA's continues
Legal Costs		Court Costs – implementation of measures in conjunction with Legal Services, to reduce the backlog and ongoing number of Children's cases going to court,	0	200		Progress has been made on reducing the cost of court with success in reducing the number of applications, the reduction in timeliness of proceedings, further work is currently

		thereby reducing the timescales involved and cost of court proceedings, in order to reduce the current overspend and ongoing costs.				underway to reduce the number of C2 applications to court. PLO process is proving effective for some families in diverting away from legal proceedings and safely maintaining children with parents, further exploration is taking place on the use of in house psychologists to undertake assessments in the court arena to further reduce court costs

			24/25 £'000	25/26 £'000		
Chief Executives Delivery Unit		Purchase of Additional Leave – development of a voluntary scheme to enable staff to purchase additional annual leave.	0	100		Scheme has been agreed and implemented. Prudent forecast of saving against the scheme is estimated to be in the region of £0.265m
Chief Executives Delivery Unit		Voluntary Severance Scheme – development of a policy whereby staff may be offered voluntary severance in appropriate circumstances, but without creating a significant pension strain liability.	0	200		Scheme to be designed and approved. Uncertainty to timing and sign-up to the scheme. Unlikely to be in place for this financial year.
Chief Executives Delivery Unit		Apprenticeships - implement an “Apprentice First” policy, with all appropriate vacant posts assessed initially to determine whether they might be suitable as an apprenticeship. This will build longer term resilience into the organisation’s workforce and provide short term cost savings by drawing down funding from the apprenticeship levy. The scheme will be co-ordinated by the newly appointed Apprenticeship Officer, funded and supported	0	200		Scheme being developed, uncertainty to take up of the scheme. It is currently forecasts savings of £0.026m will be achieved by financial year-end.

		by the Transformation Delivery Unit.				
Council Wide		Agency Staff Reduction – continuation of the work being co-ordinated by the Transformation Delivery Unit to reduce the reliance upon agency workers across the Council, in particular within Adults and Children’s Social Care. Target net savings of £1.7m for 2025/26, £1.3m for 2026/27 and £1.1m for 2027/28.	0	1,700		<p>There is evidence of reduced agency usage within the Children's directorate but targets have been built into directorate budget which duplicate what is included here.</p> <p>Uncertainty with regard to reductions across Adult Social Care.</p> <p>Highly unlikely the £1.7m saving will be achieved in the current financial year.</p>
Council Wide		Debt Management – undertake a review of debt management policies and procedures, in order to implement a more robust approach to debt management and debt recovery, considering options such as seeking payment in advance wherever possible, to improve cashflow and reduce the risk of non-recovery.	0	100		Review of debt management particularly with Adult Social Care has commenced.
Council Wide		Review all existing contracts across the Council to re-consider their requirements and performance on the basis of outputs achieved.	0	200		Currently part of workstream being undertaken by the Transformation Programme.
